Brewing a sound that only metal gods can replicate, Montreal-based metallers Mad Parish are easily one of the most promising bands you
have never heard of. Mad Parish plays a style of traditional metal that is very heavily rooted in the early 80's and also brings in a
small amount of power and speed metal to give their melodic style more of a heavy edge, the production sounds very old school
yet professional at the same time while the lyrics cover fantasy themes.
For Fans of: Diamond Head, Iron Maiden, Holy Grail, Striker, Omen, Metal Church, Kaine

Drawing from classic NWOBHM and traditional metal influences, this five piece comprised of veteran local musicians have turned out a well
crafted solid as hell metal album. They've definitely done their listening homework over the years. Strong and catchy songs, heavy but not
tuned down, recorded well but not overproduced, it captures the old DIY ethic of metal in the early 80's. The vocals have an almost Ozzy
quality at times, solid as hell.
For Fans Hour of 13, Black Sabbath (DIO period), Trouble, Candlemass, Solstice, High Spirits, Ranger, Crypt Sermon, Pagan Altar, Orchid and
The Lamp of Thoth.

MIRROR - Same (NEW*DIG*70's HARD ROCK/HEAVY METAL*RAINBOW*MAIDEN*A.WITCH) - 15 Euro

Metal Blade Records 2015 - Fantastic mixture of classic Heavy Metal and 70s Hard Rock !

Think the glorious widescreen sweep of Rainbows 'Rising', the mystical atmosphere of Angel Witch's self-titled debut and the cinematic sturm-und

-drang of early Iron Maiden, yet also prepare to bear witness to a band taking the sparks that flew in the transition from the rock of the '70s to the metal of the '80s, and using them to forge a fire of their own creation. Whilst denim-and-leather-clad pastiche abounds in contemporary metal circles, 'Mirror' stands proud and impervious to fashion, artifice or foolhardy overstatement -merely a true-as-steel testimony to power and ardor that transcends generations. From the Hammond-abetted bruiser 'Heavy King' to the stomping groove and harmony-driven thrust of 'Madness And Magik', and from the galloping madness of 'Galleon' to the colossal closer 'Elysian', these torrents of tumultuous riffing and monstrous bravura volley forth in gloriously devil-may-care style. Feat. (former) members of Repulsion, Electric Wizard, Satan's Wrath

For Fans of Iron Maiden, Flight, Hypnos, Angel Witch, Rainbow

MORTALICUM - Eyes of the Demon (NEW*SWE HEAVY/DOOM METAL*GRAND MAGUS*T.LIZZY*S.BEGGARS)- 13 Euro

Metal on Metal Records 2015 - Brandnew 4th Album of this Heavy/Doom Metal Institution from Sweden !

You can always count on MORTALICUM when you crave old fashioned doom metal and heavy rock of the highest caliber. This Swedish power trio has a knack for writing memorable melodies and groovy, sometimes more doomy, sometimes more rocking and other times more bluesy riffs. On their 4th album you'll also find a wealth of nice and gentle moments and some damn fine guitar solos interwoven with awesome heavy outbursts, lots of jamming, fat, Sabbathian bass lines, powerful, natural sounding drums, and clean vocals with an emotional/melancholic undertone, perfectly fitting the music.

All performed with inherent ease and finesse... a truly classy execution. The pleasantly warm organic sound typical of the '70s and early '80s heavy metal is like a balm for the ears of those who are fed up with modern plastic production.

They clearly give a nod musically toward BLACK SABBATH, GRAND MAGUS, SPIRITUAL BEGGARS, RAINBOW, TROUBLE, DEEP PURPLE, THIN LIZZY, CANDLEMASS or SAMSON, but at the same time they have the ability to put their own identity to their songs. For fans of: Black Sabbath, Grand Magus, Spiritual Beggars, Rainbow, Trouble, Deep Purple, Thin Lizzy, Candlemass, Samson

STEELWING - Reset, Reboot, Redeem (NEW*SWE HEAVY METAL*AMBUSH*RAM*ENFORCER) - 13 Euro

Noiseart Records 2015 - Brandnew Classic Heavy Metal from Sweden !

Out of the union of five zealous headbangers, the post-apocalyptic metal outfit Steelwing was established in 2009 and quickly joined the vanguard of the rising Swedish traditional heavy metal scene.

Their Debut album "Lord of the Wasteland" (2010) was a blast and led to the hit-packed sophomore release "Zone of Alienation" (2012) Conceptually Steelwing continue to develop on the post-apocalyptic themes of the previous two albums. Where "Lord of the Wasteland" focused on Mad Max-esque highway marauders and "Zone of Alienation" described mutant-infested havens in outer space, "Reset, Reboot, Redeem" take on a more serious misanthropic note: the current flawed state of mankind must be sacrificed to pave way for a trans-humanistic new breed - or all life on Earth will face extinction. BROKEN TEETH - Bulldozer (NEW*LIM.ED.300*BLUE VINYL*J.MCMASTER*AC/DC*J.PRIEST) - 18 Euro

TMU Records 2015 - Fantastic US Hard Rock/Heavy Metal Killer around Jason McMaster (hell yeah, the voice of Watchtower) ! AC/DC meets Judas Priest !

* Standard Edition on translucent SEA BLUE 12" vinyl.

* Full color pro-printed jacket.

* Includes lyric insert

Austin, Texas based rock-n-roll heavyweights BROKEN TEETH throw out their first ever vinyl release on TMU RECORDS. The album contains five hard-hitting original tunes plus two crushing covers from Aerosmith and Motörhead!

Broken Teeth arrived in 1999 as the best AC/DC sound-alike since "Powerage" and "Let There Be Rock." Over multiple albums and various lineup changes the Austin, TX band has since spiked its bad-boy boogie with the speedier, face-kicking heaviness of Motorhead and Judas Priest.

Propelled as always by Jason McMaster's sand-blasted vocals, "Bulldozer" opens with "Raining Fire" — a jolt of ZZ Nugent hyper-boogie that crushes with thud-heavy chord changes. "Red River Rising" pays tribute to Austin's bygone dive district where front-row headbangers fell under the spell at the edge of Broken Teeth's stage. The third and final brand-new track, "The Rough and the Tumble," sounds like Rose Tattoo over echoes of Saxon ("Power & the Glory") and Dio ("I Speed at Night").

As for the rest, the previously released "Flamethrower" spins a Riot-style guitar hook into chugging, white-knuckled speed-metal as McMaster's rapid-fire, Halford-esque delivery races toward the checkered flag. Another re-released track — "Devil on the Road" — tells the stomping tale of a "big, bad wolf" pushing his wares on the weak.

Broken Teeth 2015 is singer Jason McMaster, guitarists Jared Tuten and David Beeson, drummer Bruce Rivers and bassist Robb Lampman.

For Fans of Thin Lizzy, AC/DC, Motörhead, Judas Priest, ZZ Top, Ted Nugent

CROSS VAULT - Spectres of revocable loss (LIM.200 BLACK V.*EPIC DOOM METAL*WARNING*SOLSTICE) - 17 Euro

Eyes like Snow Records 2015 - Fantastic Debut Album with Epic Doom Metal in the vein of Warning, Solstice, While Heaven Wept Gatefold, printed innersleeve, ltd. 200 on BLACK vinyl

This album is one of these rare achievements any band could be eternally proud of! Although the two guys behind CROSS VAULT are anything but newcomers, "Spectres of revocable loss" is their first release under the banner of CROSS VAULT.

If the name WARNING (UK) as a main influence rings any bells, and you're of the opinion that CLASSIC DOOM METAL should first and foremost be slow, harmonious, sorrowful and crushing, yet never tiring, boring, repetitive or lacking in variety; that the most important ingredients are masterful songwriting, flawless musicianship and an unreal (really! we're in awe) vocal performance, then this is THE Doom Metal album you should write on top of your to-buy-list for 2014!

The album includes 5 own compositions that focus on the subject of loss, as well as a cover of the WARNING (UK)-track "Footprints" which quite honestly sounds as if it belongs on this album.

The artwork was created by well-known American artist Lucas Ruggieri in his beautiful Doré/Dürer-style, and depicts a scene from George Orwell's dystopian classic "1984" which also inspired the lyrics to the song "At our bleakest".

Mad Parish is a six piece Heavy Metal band based out of Montreal, Quebec, Canada. They combine their signature triple threat guitar sound with a ferocious and thundering rythhm section to create epic riffs and blistering harmonies that will quite literally blow you away.

Brewing a sound that only metal gods can replicate, Montreal-based metallers Mad Parish are easily one of the most promising bands you have never heard of. Mad Parish plays a style of traditional metal that is very heavily rooted in the early 80's and also brings in a small amount of power and speed metal to give their melodic style more of a heavy edge, the production sounds very old school yet professional at the same time while the lyrics cover fantasy themes. MAGAZINE

DEAF FOREVER #9 - 6€

Wir haben es geahnt, dass Ihr Euch an die extradicken 148 Seiten (PLUS Poster) in Eurem Lieblingsmagazin recht schnell gewöhnen würdet. Okay, also bleiben wir erst mal dabei!

Preisfrage: Was haben die Alben "From Beyond", "Blessed Are The Sick", "War Master", "Like An Everflowing Stream", "Human" und "Butchered At Birth" gemeinsam? Die Antwort: Diese (und etliche weitere) Kracher erschienen 1991, also exakt vor 25 Jahren, und markierten den lawinenartigen, weltweiten Durchbruch des Death Metal. Unsere Röchelexperten Leimy, Stefan Franke und Fränk "Rülps" Albrecht lassen in unserer 14-seitigen Titelstory jene brutalen 365 Tage nochmals aufleben und sprachen mit Musikern, Fans sowie sonstigen Zeitzeugen. Die Top 40 der Death-Metal-Perlen aus jenem Jahr, ein Demospecial sowie eine umfassende Übersicht über etliche vergessene Todesmetall-Perlen gibt's obendrauf!

Wer die Klappe regelmäßig so weit aufreißt wie Dave Mustaine, muss eigentlich damit rechnen, dass mancher Spruch kritisch hinterfragt wird. Das passte dem Kopf von Megadeth nicht, und so tauchte er ab. Nachzulesen in unserem Tauchreport. Ketzer hingegen sind mutig und scheuen nicht die Verwandlung. Wir interviewten sie ausführlicher als Mustaine.

Vor fünf Jahren verstarb der große nordirische Gitarrist, Sänger und Songwriter Gary Moore. Wir spürten seine damaligen Bandkollegen Neil Carter und Jon Noyce auf und sprachen mit ihnen sowohl über die goldenen Achtziger als auch über die letzten Jahre im Leben Moores.

Umfassend Revue passieren lassen wir das Metal-Jahr 2015 in Form unseres großen Polls, in dem das gesamte DF-Team (inklusive Tom Gabriel Warrior, Alan Averill und Fenriz) nicht nur seine Lieblingsplatten auflistet, sondern Bands, die sich in diesem Jahr besonders hervorgetan haben, per Interview nochmals in den Mittelpunkt rückt.

Weitere Interviews haben wir geführt mit: Lethal Steel, Borknagar, Witchcraft, With The Dead, Axel Rudi Pell, VOODOO CIRCLE, Def Leppard, Coven (Jinx Dawson), Traitor Thrash, Pripjat, Night Viper, THEM, Septagon, HateSphere, FIRESPAWN, Honeymoon Disease sowie Mekong Delta.

Eine umfassende Story über die Glam-Pioniere Sweet bildet ein weiteres Kernstück der neuen Ausgabe, genauso wie die bewährten Rubriken Maniac der Ausgabe, The Dungeons Are Calling, Forgotten Jewels und Under A Funeral Moon.

Natürlich hat sich die Crew erneut auf etlichen Festivals und Konzerten herumgetrieben, u.a. beim Hammer Of Doom in Würzburg, The Fires Of Samhain in Dublin, beim Finnish Death Metal Festival sowie bei Atlantean Kodex im Kulturschloss Theuern, wo einige nicht näher genannte Crew-Mitglieder von einer wilden Horde Perchten verprügelt wurden.

Massenhaft Tonträgerreviews sind selbstverständlich, und zwei kultige Poster spendieren wir ebenfalls. Diesmal für Eure Zimmerwände: Journeys "Escape" und Degial.
