Hydra Vein was formed in the spring of 1987 featuring ex-Deathwish members, brothers Damon and Nathan Maddison. This amazing piece of history will have the same standard of quality as expected from CRYPT LPs and features the original cover artwork, classic band photos and lyrics. This CD is designed after the original 1988 vinyl release, taking elements from the original layout with attention to detail, even down to the logo and typeface for a touch of nostalgia.

In an effort to preserve the integrity of the original recording, we have meticulously and subtly mastered the audio files from the original analog sources to retain the dynamics and atmosphere of the original recording. This new master is approved and endorsed by the band. This is the absolute best sounding version of this amazing release, guaranteed!

As a bonus we have included for the first time ever on CD, the band's classic 1987 demo, "The Reptiliad". Take the world beneath you in the grasp of the iron fist!

Svart Records 2015 - NWOBHM meets classic Hard Rock and some Thrash Metal like the European Night Demon from Sweden Night Viper are a hot-rockin' heavy metal band from Gothenburg, Sweden. The first two ingredients in the Viper pie were Sofie Lee Johansson and Tom Sutton (Horisont, The Order Of Israfel, ex-Church Of Misery). As soon as they met, the chemistry started flying and some pure fist-banging heavy metal demos were thrown down. They were joined briefly by Sven Nilsson from Antichrist on drums as well as a few others on guitar and bass, but it was once swing master Jonna Karlsson was behind the kit that things started really moving. The folk-tastic stylings of Emil Ridderstolpe on guitar and the fast fingers of Ruben Åhlander Persson (Miasmal) on bass completed the lineup.

For Fans of Night Demon, Iron Maiden, Diamond Head, Budgie, elements of Kill 'em All-era Metallica, Judas Priest and the more metal side of Motörhead, Slingblade, Enforcer, Candlemass along with some Coven-type spookiness.

PARADISE LOST (US) - Same (NEW*LIM. DCD*DELUXE*US PROG METAL KILLER) - 16 Euro

Divebomb Records 2015 - Brandnew US 80's Prog Metal/Rock The country music mecca of Nashville, TN may seem an unlikely home for a progressive-edged hard rock quartet, but that didn't stop PARADISE LOST. Formed in late-1985 under the name Audience, the group's core shared a mixed bag of influences including Yes, Journey, The Police, Rush, and U2 The troupe rebranded itself PARADISE LOST within a few short years—a banner that vocalist Dave Privett cites as "a name with some mystery that still encapsulated some of the paradoxes in our music," and eventually secured a deal with major label imprint Gold Dust Records. The undeniably unique existential passion of PARADISE

LOST's musical journey—heavy riffs with soaring melodies, hooks with complexity, and a heavy metal look with a philosophical twist—garnered favorable press locally and abroad; even scoring a 4K review from Kerrang!'s Dave Reynolds.

In addition to the band's unsung classic self-titled full-length from 1989, this reissue additionally compiles previously unreleased demos and live recordings spanning 1986-1990: PARADISE LOST's ear-complete history in more than 30 tracks. This deluxe edition also contains a 28 page booklet with in-depth interview, album lyrics as well as archival photos and press clipping from the band's vault. For the fans, by the fans.

This is some of the best Canadian hard rock / heavy metal music ever created with touches of pompous hard rock and theatrical vocals. TENSION from Canada, only released a hard to find LP back in 1980 named "Released" and after that they completely disappeared.

The CD features great remastered sound, 6 (!) bonus tracks, story of the band, lyrics of all songs and cool 80's photos in a fat 16-page booklet. Also, comes with brand new fantasy artwork. For Fans of Raven(USA), Darkstarr, Ashbury, Amulet, Asia (Armed...), Legend, early Kansas, Sacred Blade

THE SKULL - Same EP (NEW*LIM.TOUR ED.*US DOOM METAL*E.WAGNER*R.HOLZNER*TROUBLE) - 12 Euro

Tee Pee Records 2016 - THE SKULL - the band featuring former TROUBLE vocalist Eric Wagner and bassist Ron Holzner alongside guitarist Lothar Keller and former PENTAGRAM drummer Sean Saley, have released a new 5 song EP, titled, "The Skull"

THE SKULL recently recorded two songs for a 7" single for Tee Pee Records to be released in April. "The Longing" is a bluesy doom metal traditional Skull song while B-side "The Skull" is an updated version of the classic song that originally appeared on Trouble's 1985 record of the same name.

THE SKULL recorded a recent packed concert at Reggies Rock Club in Chicago and picked two songs from the live set to add to the new EP/CD. "Till the Sun Turns Black" is a heavy Bluesy number, taken from THE SKULL's debut, "For Those Which Are Asleep", and the crowd favorite

"Assassin" is taken from Trouble's 1984 release, Psalm 9. The single "A New Generation" -- also from "For Those Which Are Asleep" -- rounds out the new EP.

"Featuring ex-members of influential doom metal group Trouble, The Skull picked up where that band left off with their debut album, 2014's For Those Which Are Asleep. Trouble's brand of doom-metal always leaned more towards the heavier rock end of Black Sabbath. Thanks to Eric Wagner's still phenomenal vocal range and the rock-solid bass attack of Ron Holzner, The Skull feels like a natural extension of the exemplary work they had been putting out during their 20-plus years with Trouble." - LA WEEKLY

This 30th Anniversary reissue presents for the first time on CD the album lyrics, plus band photos from the era through a 20-page booklet + includes the BBC Session "Friday Rock Show" from March 1982 bonus tracks and a bonus DVD with a full show in London, 1982 recorded on pro-multicam, it is limited to 500 copies.

Formed in 1981 by ex-ANGEL WITCH members Kevin Riddles and Dave Dufort, they had among their line up, other notable musicians like Kal Swan (future Lion singer), Les Binks (ex-Judas Priest/Lionheart) and Simon Wright (ex-AC/DC/Dio). Due to the Kamaflage bankruptcy, TYTAN found themselves without label and it was too late when finally "Rough Justice" was released on another label (called Metal Masters) after three years of the single "Blind Men and Fools" causing a big impression among the British Metal fans and press.

The band by this time was finished and Kal was on the States with Kevin giving the first steps as Lion. This album is highly regarded as one of the best 80s British Heavy Metal LPs, recorded in the tail end of the NWOBHM. A classic and timeless album of fine songwriting from the golden era of British Steel.

Divebomb Records 2015 - Brandnew US Power/Speed Metal ! Reforged, the sophomore outing from Indiana's ZEPHANIAH, builds upon the power thrash foundation laid by their debut, 2008's Stories From The Book Of Metal, to unleash a catchier and more dynamic intensity—made possible through the refined musicianship of the group's new, markedly more diverse lineup.

Songs like "Reforged," "Destiny," and "Judgement" provide the infectious blasts of thrash for which ZEPHANIAH is known, alongside increasingly intense rhythms and shredding neoclassical influences. Highlights include a Mad Max-inspired trilogy; beer-drinking anthem "Battle Hymn Of The Victorious"; and progressive epic "Quest For The Royal Crown," which adds variety and entralls the listener from start to finish.

Unlike Stories From The Book Of Metal, which was tracked in a mere week, the band spent more than a full year arduously self-producing every last detail of Reforged. Finally mixed by Tom Buechel and mastered by Death Dealer guitarist Stu Marshall in May of 2016, ZEPHANIAH is now prepared to deliver a raging, filler-free collection—in which no two songs are alike! FOR FANS OF: GAMMA RAY, BAL-SAGOTH, ICED EARTH, WINTERSUN, DRAGONFORCE

CARRION - Evil Is There Demo 1985 (NEW*LIM.250 BLACK V.*PRE-POLTERGEIST) - 15 Euro

Weird Face Productions 2015 - Limited to 250 Hand numbered copies in Black Vinyl !

Speed/Thrash Metal Classic with the best versions of the songs ! PRE - Poltergeist - a must have !

Cult Thrash Metal from Switzerland, this demo was recorded one year before the album "Evil is There" (released in 1986), expect raw deadly aggression even more lethal than the album! This studio demo of 10 songs and one intro contains 4 non-LP tracks and we also included a second version of "Carriion" (one of the non lp tracks), an album rough mix from 86. Carriion has a lot of similarities with some of the best German Thrash bands of the era, specially Kreator. How can a band sound so similar to the Pleasure to Kill album without copying Kreator (these songs were recorded before PTK came out) it seems a case of like minded twisted maniacs with a mission to deliver the most vicious Thrash heard from that period. Hand-numbered to 250 copies.

Since their inception in 2010, the ascent of Jess and her Ancient Ones has been astounding. With a chart-toppingly successful debut album in 2011 and the occult surf metal EP Astral Sabbath (2013) under their collective belt, the group won over many new followers on their North American tour with King Diamond last winter. Since then the collective have thinned their herd from seven to six, and spent months with minds locked inwards together, perfecting their craft and cultivating what was to become their second album.

MIRROR - Same (NEW*LIM.200 YELLOW V.*70's HARD ROCK/HEAVY METAL*RAINBOW*MAIDEN*A.WITCH) - 19 Euro

Metal Blade Records 2015 - Fantastic mixture of classic Heavy Metal and 70s Hard Rock ! Limited Edition on Yellow 180 gr. Vinyl - only 200 copies !

Think the glorious widescreen sweep of Rainbows 'Rising', the mystical atmosphere of Angel Witch's self-titled debut and the cinematic sturm-und-drang of early Iron Maiden, yet also prepare to bear witness to a band taking the sparks that flew in the transition from the rock of the '70s to the metal of the '80s, and using them to forge a fire of their own creation.

Whilst denim-and-leather-clad pastiche abounds in contemporary metal circles, 'Mirror' stands proud and impervious to fashion, artifice or foolhardy overstatement - merely a true-as-steel testimony to power and ardor that transcends generations. From the Hammond-abetted bruiser 'Heavy King' to the stomping groove and harmony-driven thrust of 'Madness And Magik', and from the galloping madness of 'Galleon' to the colossal closer 'Elysian', these torrents of tumultuous riffing and monstrous bravura volley forth in gloriously devil-may-care style.

Feat. (former) members of Repulsion, Electric Wizard, Satan's Wrath For Fans of Iron Maiden, Flight, Hypnos, Angel Witch, Rainbow

NIGHT VIPER - Same (NEW*LIM.BLACK VINYL*SWE HEAVY METAL/NWOBHM*NIGHT DEMON) - 18 Euro

Svart Records 2015 - Limited Edition on Black Vinyl ! NWOBHM meets classic Hard Rock and some Speed Metal like the European Night Demon from Sweden Night Viper are a hot-rockin' heavy metal band from Gothenburg, Sweden. The first two ingredients in the Viper pie were Sofie Lee Johansson and Tom Sutton (Horisont, The Order Of Israfel, ex-Church Of Misery). As soon as they met, the chemistry started flying and some pure fist-banging heavy metal demos were thrown down. They were joined briefly by Sven Nilsson from Antichrist on drums as well as a few others on guitar and bass, but it was once swing master Jonna Karlsson was behind the kit that things started really moving. The folk-tastic stylings of Emil Ridderstolpe on guitar and the fast fingers of Ruben Åhlander Persson (Miasmal) on bass completed the lineup.

For Fans of Night Demon, Iron Maiden, Diamond Head, Budgie, elements of Kill 'em All-era Metallica, Judas Priest and the more metal side of Motörhead, Slingblade, Enforcer, Candlemass along with some Coven-type spookiness.

Svart Records 2015 - Limited Edition of 500 Copies in Black Vinyl, Gatefold Cover.

Sammal is that good old friend you've never met. Free from the confines of a scene or part of any genre wave, like the wild moss their name translates to. They have conjured a rare album, quite of its own but nostalgic in only the best way. A band that manages to capture a sense of golden moments in Finnish music, naturally and without pretensions. Vocals that soar confidently and warmly with beautiful lyrics which, though sung entirely in Finnish, are entirely relatable due to the passion in the voice and beauty of the compositions, made more arcane by the sentiments the sound evokes. Lyrics translated inside the booklet are a magic discovery of a band that inspires more about their culture and heart than most well known Finnish bands today.

Touching on these deep themes, rarely does a voice emote and sound so ubiquitous or wiser in modern rock. Through their riffs, solos and vintage keys, you can find traces of everything that made Love Records and Finnish Prog so beloved, not only in their home country but abroad. Sammal give the same impression of a band Finns can be proud of, while doing a great service to their musical culture and heritage.

They have a masterful natural command of classic rock music that surpasses their age with nods to Thin Lizzy, Camel, Birth Control, Budgie and the epic guitar journeys of the Allman Brothers, while all along carving their own unique path. Redefining the term "modern classic" in an age of lesser pretenders. One of the greatest modern interpretations of classic Scandinavian Progressive Rock we have ever come across. Sink into the forest rock moss with Sammal!

For Fans of Witchcraft, Trouble Horse, Horisont, Thin Lizzy, Camel, Birth Control, Budgie and Graveyard

MAGAZINE

SNAKEPIT Magazine #22 + Malediction BLACK Vinyl 7" (NEW*LIM.800 COPIES) - 17 Euro

SNAKEPIT Magazine #22 + Malediction YELLOW Vinyl 7" (NEW*LIM.200 COPIES) - 20 Euro

Snakepit zine returns with issue number 22, following the same recipe and tradition that has been carried on since its inception in 1997.

Yet again, Laurent Remadier has conducted and included the most in-depth, comprehensive interviews of any zine in existence. His impeccable taste in REAL Heavy/Power/Speed/Thrash Metal from the past, present, and future is evident in yet another impressive array of interview subjects, which include celebrated acts such as Slayer, Tank, Onslaught, Dark Angel, Exciter, and Megadeth, in addition to lesser-known gems like Sanctum, Zoetrope, Sin Starlett, and Warhead (NY).

Remadier's encyclopedic knowledge of heavy metal puts other interviewers to shame as his questions probe the most intricate details of each band's history to such an extent that the reader is often left wondering if Remadier knows his subjects better than they know themselves.

As always, each interview also includes photos and other images to visually document different periods in a given band's existence. In addition to the glut of interviews, Snakepit also features some of the most credible reviews of recent heavy metal releases and reissues.

All copies also include a 7" EP from the French heavy metal cult, Malediction, comprised of two different recordings of the song, "Condamné," which serve to showcase the music of one of his many interview subjects. A limited number of copies of the EP were pressed on yellow vinyl and will be available through several outlets.

DEAF FOREVER #10 (NEW*GER METAL MAG*POSTER DEF LEPPARD / ACID*MANOWAR SPECIAL) - 6 Euro

DEAF FOREVER geht in die zehnte Runde!

Egal, wie man zur Gesamtentwicklung von Manowar stehen mag: Die ersten sechs Alben zählen zum Großartigsten, was jemals unter dem Banner Heavy Metal veröffentlicht wurde. Ross The Boss (Gründungsmitglied und Co-Songwriter dieser Klassiker), Manuel Trummer und Götz Kühnemund erinnern sich in unserer großen Titelstory an die glorreichen Jahre!

Der Allergrößte ist von uns gegangen. Lemmy Kilmister hinterlässt unendlich viele großartige Zitate, unsterbliche Songs, gelebte Rock'n'Roll-Weisheiten - und Geschichten, die jeder Motörhead-Fan ein Leben lang erzählen kann. Wir nehmen Abschied von diesem wunderbaren Menschen und Namensgeber unseres Magazins.

Lange musste die Metalszene darauf warten, aber jetzt ist es soweit: Die Reunion von Cirith Ungol steht bevor! Höchste Zeit also für ein Special über diese außergewöhnliche, ewig unterschätzte Band. Anlässlich des amerikanischen Frost-And-Fire-Festivals trafen fast alle Bandmitglieder wieder aufeinander und mussten sich Unmengen an Fragen von uns stellen lassen.

Dass Magnum auf ihre alten Tage noch einmal so aufdrehen würden, hätte nach Tony Clarkins schwerer Krankheit vor einigen Jahren niemand gedacht. Auch nicht Oberfan Manuel, der gleich die gesamte Geschichte der Band aufrollte.

Ein weiterer Schwerpunkt: der große Jahrespoll! Unsere Leser haben gewählt ? und wie nicht anders zu erwarten war, beweisen die Einsendungen, mit denen wir einen guten Teil von Dortmund zu plakatieren könnten, vor allem eins: verdammt guten Geschmack.

Weitere Interviews haben wir geführt mit: Anvil, Mourning Beloveth, Judas Priest, Metal Church, Anthrax, Acid (genau: die Achtziger-Kult-Band aus Belgien!), Bölzer, Monster Truck, Necros Christos, Terminus, Obscura, Black Shape Of Nexus, Bombus, Exumer, Protector, Abbath, Blood Ceremony, Entombed A.D., Ink, Blood And Spirit, Roxxcalibur, Mystic Prophecy, Master, Redemption, Hexvessel und Brainstorm.

Im Rahmen unserer Serie "Metal Rules The Globe" erkundeten wir diesmal Athen, und bis an den Rand vollgepackt sind unsere traditionellen Rubriken The Arts Of Destruction, Maniac der Ausgabe, Heavy Metal Hunter, The Dungeons Are Calling, Forgotten Jewels und Under A Funeral Moon.

Natürlich blicken wir auf zahlreiche Konzerte und Festivals zurück, zum Beispiel auf Judas Priest, Ghost und Mantar sowie auf das De-Mortem-Et-Diabolium-Festival und das Leaf Meal.

Massenhaft Tonträgerreviews sind selbstverständlich, und zwei kultige Poster spendieren wir ebenfalls. Peppt eure Wohnzimmerwände auf mit: Def Leppards -Pyromania und Acid von Acid. In diesem Sinne: All Men Play On Ten!
