Including: Death is Hanging Demo 2014 + Demo 2012 + Unreleased Bonus Track 2010 - 80's Epic and obscure US Metal Killer from Detroit ! The band delivers their own take on traditional heavy metal, topped with killer, totally unique vocals. It's definitely a sound to fall in love with, as it is fresh, twisted and original. Listening to this LP, you'll get intensity, melodies and an overall inspired performance from all parts involved. King Diamond and Mercyful Fate are obvious references, but a song like the opener "All Hail Evil" also leans a bit towards newer acts like Sweden's Portrait, and even Enforcer, the latter mainly due to the energy and some of the guitar work. The song is an intense and almost hectic opening tune, musically with lots of NWOBHM-references, great guitar work and some cool bass lines creating a solid foundation for the track along with the strong and natural drums. On top of it all you'll find a very impressive and inspired vocal performance from vocalist extraordinaire Logon Saton. For Fans of oldschool US METAL like Borrowed Time, Brocas Helm, King Diamond, Enforcer, Portrait, Mercyful Fate, Cirith Ungol, Angel Witch, Manilla Road, Doomsword

Century Media 2016 - Limited Edition digipack DCD, With SINDROME's two studio recordings - the highly influential "Into The Halls Of Extermination" (1987) and its successor "Vault Of Inner Conscience" (1991) - timeless thrash/death metal masterpieces return as comprehensive official release, fully supported by the band and done in close cooperation with vocalist Troy Dixler.

For Fans of Demolition Hammer, Exhorder, Death, Morbid Saint, Rigor Mortis

The entire audio material has been carefully re-mastered from original sources to guarantee an optimal listening experience. Metalion (Slayer Mag) has written an introduction to the release and Laurent Ramadier (Snakepit Mag) has conducted an extensive interview with Troy giving you a deep insight into the band's history.

As a special bonus, SINDROME have unearthed the lost track, "Brought To The End", from the recording session of the first demo - an awesome track that now finally can be offered to the fans. In addition to that, "Resurrection ? The Complete Collection" also includes a full bootleg live show from Chicago, 1988, when SINDROME supported Death on their "Scream Bloody Gore" tour. The show is unedited and has a pretty raw sound, but it captures the intensity of SINDROME's live shows very well. It also includes the tracks "Surround The Prisoner" and "Psychic Warfare", two songs from the very early days that never got properly recorded in the studio.

"Resurrection - The Complete Collection" is available as noble 2CD Digipak with slipcase and 36-page booklet as well as an LP with a 16-page LP size booklet and bonus CD (containing the aforementioned live show).

#### **SLAEGT - Beautiful And Damned (NEW\*KILLER BLACK METAL\*LIM.DIGIPAK\*TRIBULATION) - 10 Euro**

Necroshrine Records 2016 - Limited Edition Digipak CD ! Killer Black Metal from Denmark with Melodies for Fans of Tribulation or Dissection and some old Dark Tranquility or early In Flames !

The band have a genuine talent for establishing melodic themes in the songs and then proceeding to spin out variations on them, with riffs and lead-guitar refrains that have as much in common with classic rock, classic metal, and prog rock from decades past as they do with black metal. Though there's still an air of the occult in the music, it often has a theatrical quality, like an infernal cabaret that's been whipped into a hard-driving frenzy, slowing here and there to provide space for an array of gorgeous dual-guitar harmonies and scorching solos. Just as often, the songs sound like hard-charging anthems. With the band's emphasis on immediately infectious melody, their precocious talent for song-writing, and their contrasting use of harsh, savage vocals, I was reminded of the latest Tribulation album - which is intended as high praise rather than any implication of mimicry. Even the one brief instrumental track on the EP - an acoustic guitar duet named "Church of the Night", which also includes something like the whistling sound of birdsong - is a stand-out. And though it is more bright and light-hearted in its tone than the other three tracks, it sounds as if it belongs. (No Clean Singing)

**SLAEGT - Beautiful And Damned (NEW\*KILLER BLACK METAL\*LIM.500\*TRIBULATION) - 17 Euro**

Iron Bonehead Productions 2016 - Limited Edition of 500 copies in Black Vinyl ! Killer Black Metal from Denmark with Melodies for Fans of Tribulation or Dissection and some old Dark Tranquillity or early In Flames ! The band have a genuine talent for establishing melodic themes in the songs and then proceeding to spin out variations on them, with riffs and lead-guitar refrains that have as much in common with classic rock, classic metal, and prog rock from decades past as they do with black metal. Though there's still an air of the occult in the music, it often has a theatrical quality, like an infernal cabaret that's been whipped into a hard-driving frenzy, slowing here and there to provide space for an array of gorgeous dual-guitar harmonies and scorching solos. Just as often, the songs sound like hard-charging anthems. With the band's emphasis on immediately infectious melody, their precocious talent for song-writing, and their contrasting use of harsh, savage vocals, I was reminded of the latest Tribulation album - which is intended as high praise rather than any implication of mimicry. Even the one brief instrumental track on the EP - an acoustic guitar duet named "Church of the Night", which also includes something like the whistling sound of birdsong - is a stand-out. And though it is more bright and light-hearted in its tone than the other three tracks, it sounds as if it belongs. (No Clean Singing)

## **MAGAZINES**

### **DEAF FOREVER #11 (NEW\*GER METAL MAG\*UDO\*M.ROAD\*VEKTOR\*MOONSORROW\*+POSTER) - 6 Euro**

DEAF FOREVERs Eleven! Liebe Headbangerinnen'n'Headbanger! Udo Dirkschneiders Accept-Abschiedstour? läuft gerade mit großem Erfolg - aber sie war nicht der Grund für das längst überfällige Titelporträt eines Mannes, der zu den Grundpfeilern der deutschen Rockgeschichte gehört. Udo ist gewissermaßen Deutschlands Lemmy Kilmister, unsere ewige Säule im Rock'n'Roll. Ebenfalls ein großer und sehr eigenwilliger Charakterkopf ist der Australier Keith ?K.K.? Warslut.

Die Frage, ob man als Chef einer wüsten Horde namens Deströyer 666 Humor haben und Aussagen tätigen kann, die weit über den intellektuellen Gehalt üblicher Interviews hinausgehen, würde der Wahleuropäer zwar mit ?Nein? beantworten. Aber: Er hält sich nicht daran. Nur ganz wenige europäische Metalklassiker sind so sagenumwoben, radikal und haben sich für spätere Generationen an finsternen Krachmachern als so inspirierend erwiesen wie ?Obsessed By Cruelty?. Wie es vor 30 Jahren zu dem Sodom-Debüt-Longplayer kam und wer alles involviert war, erfahrt ihr in unserem achtseitigen Special.

Der Voivod-Einfluss auf Vektor, die heißeste Progressive-Thrash-Band der letzten Jahre, ist unüberhörbar. Michael Koksiek siedelt sie sogar weit über den kanadischen Vorbildern an und spricht vom stärksten Album seit langem. Grand Magus sind für Teile des DF-Teams eine Lieblingsband, haben aber gerade ein Album veröffentlicht, das mitunter heftig diskutiert wird. Paul Köhler konfrontierte die Herren damit, zum ersten Mal in ihrer Karriere etwas Unspektakuläres veröffentlicht zu haben. Weil unsere ausufernden Porträts über Bands wie Cirith Ungol oder Manowar so gut bei euch angekommen sind, geht es mit den amerikanischen Kautmetallern Manilla Road in ähnlicher Weise weiter. Auch Mark Shelton und seine Mitstreiter haben ein eigenes Denkmal verdient.

Weitere Interviews haben wir geführt mit: Amon Amarth, Savage Master, Universe217, Mantar, Desaster, Metal Church, Rage, Nasty Savage, Moonsorrow, Paragon, Grave Miasma, Striker, Izegrim, Brutality, Sindrome, Spiritual Beggars, Lich King, Purgatory, Lizzies sowie Tarot. Auf zwei weitere Specials möchten wir an dieser Stelle hinweisen: Einerseits gehen wir auf die bewegte Geschichte des Kultlabels Heavy Metal Records ein, zum anderen bildet ein Überblick über die Extrem-Metal-Szene Griechenlands den Schwerpunkt unserer Under-A-Funeral-Moon-Rubrik.

Bis an den Rand vollgepackt sind unsere traditionellen Rubriken The Arts Of Destruction (diesmal: Dimitar Nikolov), Heavy Metal Hunter, The Dungeons Are Calling und Forgotten Jewels (diesmal unter Mitwirkung des gesamten Teams, inklusive Fenriz, Alan Averill und Tom Gabriel Warrior). Natürlich blicken wir auf zahlreiche Konzerte und Festivals zurück, zum Beispiel aufs Hell Over Hammaburg, das Metal Assault, Scorpions, Behemoth, Tribulation, Primal Fear, Symphony X, Secrets Of The Moon und King Dude. Massenhaft Tonträger-Reviews sind selbstverständlich, und zwei kultige Poster spendieren wir ebenfalls.

Verunstaltet eure Wohnzimmerwände mit: Witchfinder Generals - Death Penalty sowie Deströyer 666.
