## CDS

**ABYSSWALKER - Days of Ruin (NEW\*US PRIVATE PR.\*TEXAS\*F.ANGEL\*M.FATE\*C.GLORY) - 14**

US private Press 2020 – US Import ! Brandnew Jewel Case CD-R includes inner sleeve with credits and band pictures.

Texas Metal from El Paso for Fans of Fifth Angel, early Mercyful Fate or Crimson Glory

Burning from the chaos in the world. Days of Ruin is a debut EP like that of fire unseen before. Written in the wastelands of west Texas, Days of Ruin chronicles the death of a better world. Like the death of Notre Dame, we say goodbye to the world of yesterday and welcome the new world. No matter how bad it is.

credits

**ADAMANTIS - Far Flung Realm (NEW\*US POWER METAL\*BLIND GUARDIAN\*RUNNING WILD) - 14**

Cruz Del Sur Records 2021 - Brandnew European-inspired epic power metal from Massachusetts/USA !

The re-release of Adamantis universally hailed Far Flung Realm debut a timeless, majestic mix of power metal for fans of Blind Guardian, Gamma Ray and Running Wild!

Spawned by Helloween in the mid-1980s then carried throughout the ensuing decade by the likes of Angra, Blind Guardian, Gamma Ray and Stratovarius, European power metal is a style few can master. Essential ingredients include a soaring vocalist, dueling guitars, a battering ram of a rhythm section and, most importantly, songs that both engage and inspire.

It is rare when a young band displays such mastery of these skills, which is why Cruz Del Sur Music quickly swooped in and signed Massachusetts Adamantis barely a month after the self-release of their Far Flung Realm debut full-length for proper release in 2021.

**AGENT STEEL No Other Godz before me (NEW\*LIM.DIGIPAK\*US SPEED METAL COMEBACK) - 14**

DISSONANCE 2021 – Brandnew limited Digipak – Comeback Album - John Cyriis's Agent Steel return to Earth from their long intergalactic journey!

"No Godz Before Me" is the first studio outing for John Cyriis since "Unstoppable Force" in 1987! This album is a stunning return, John Cyriis vocals pierce the very fabric of the galaxy. This is true Agent Steel, speed metal at its finest with the master of the universe at the helm..... Enjoy the journey!

**ANTIOCH – V (NEW\*CAN POWER METAL\*ENFORCER\*METAL CHURCH\*STRIKER\*JUDAS PRIEST) - 12**  
 Iron Shield Records 2021 - Brandew CAN Power Metal LP - their 5<sup>th</sup> release ! Canadian New Wave Of Old School Heavy/Speed/Power Metal Attack!!!  
 Heavy Metal from Canada, 2021 EP  
 Musically, Antioch combines some Riot/Priest-style Power Metal with more Traditional Metal in the vein of Judas Priest, Omen, Cirith Ungol, Visigoth, Skull Fist, Striker, Enforcer and Metal Church with just a breath of the NWOBHM.  
 But the band's greatest weapon comes in the form of one Mister Nicholas Allaire. Screaming like Halford by way of King Diamond, he makes high notes tremble before his power.

**ARROW – The EPs 84.85 & MORE (NEW\*LIM.CD\*GER CULT HEAVY METAL) - 13**  
 FHM Records 2021 - Brandnew German Cult Metal Band CD Release with a lot of Bonus Songs  
 Stylistically ARROW is a mixture of NWoBHM and typical early Teutonic Metal, where especially the strong riffs stand out. If you are interested in the beginnings of the German metal scene, you will get an insight into a small but not insignificant chapter here.

**ARACHNID – Arachnid (NEW\*LIM.500\*US THRASH METAL 1992\*SINDROME\*INFERNAL MAJESTY) - 14**  
 Alone Records 2020 – Brandnew Limited and Hand numbered 500 copies - US Speed/Thrash Metal Classic from 1992!  
 Cult and arcane thrash masters ARACHNID from Portland, Oregon. Pure, raw, and aggressive 80s thrash with looming, dark, and mysterious atmosphere.  
 For fans of SINDROME, MORBID SAINT, and SEPULTURA (Beneath the Remains circa), Infernal Majesty, Hobbs Angel of Death, Rigor Mortis

**ASSASSIN - Holy Terror/ The Saga of Nemesis (NEW\*LIM.SLIPCASE\*GER THRASH METAL DEMOS '86) - 15**  
 High Roller Records 2021 – Brandnew limited Slipcase Edition - GER Thrash Metal Classic !

Original tape transfer, audio restoration and mastering by Patrick W. Engel at TEMPLE OF DISHARMONY in August 2020.

Hardcore thrashers insisting that Assassin's two early demos were superior to the re-recordings of the very same songs that ended up on the band's debut album The Upcoming Terror might have a point. When the first tape Holy Terror started to circulate at the beginning of 1986, it not only put Düsseldorf on the map of German extreme metal but was also an instant classic of Teutonic steel because the quintet married instinctive ferocity with an already impressive degree of musicality.

#### **ATROPHY – Chemical Dependency (NEW\*US THRASH METAL DEMO 1987 + 4 BONUS TRACKS)**

VIC Records 2019 – Brandnew US Thrash Metal Demo 1987 + Bonus Tracks

Atrophy, originally named Heresy, was formed in 1986 by Chris Lykins, James Gulotta, and Brian Zimmerman. Tim Kelly and Rick Skowron later joined the band. In 1987, the band recorded their debut 6 track demo 'Chemical Dependency'. After the demo release ATROPHY was picked up by thrash metal label, Roadrunner Records. Atrophy released two albums, 'Socialized Hate' in 1988 and 'Violent By Nature' in 1990. Atrophy toured the U.S. and Europe with fellow Arizonans Sacred Reich and Coroner from Switzerland. The 'Chemical Dependency; demo is now for the first time officially re-issued on cd including 4 bonus tracks, recorded live in Toronto, Canada 1989. Extensive liner notes by Chris Forbes from cult underground metal magazine 'Metal Core fanzine' and many pictures from the early days.

#### **AUGUST LIFE – The Broken Hourglass (NEW\*LIM.DIGIPAK\*RAINBOW\*AYREON\*P.MANTIS) - 13**

No Dust Records 2021 - Brandnew limited Digipak Edition incl. exclusive Song + Live tracks

AUGUST LIFE released their highly acclaimed debut album NEW ETERNITY on CD in 2018 and, by demand, also on vinyl in 2019.

Evolving from music project to live band, AUGUST LIFE started hitting the road in 2019 doing great shows with established bands like PRAYING MANTIS and TYGERS OF PAN TANG.

2020 was to kick off with great live shows to develop the brand name AUGUST LIFE even further with great musical outfits like TYKETTO and THRESHOLD internationally .

Dutch Melodic Metal featuring current and former members of Highway Chile, Praying Mantis, Picture, and Vengeance for Fans of Rainbow, Praying Mantis, Ayreon

Because it is impossible to stop this band, AUGUST LIFE is taking this "opportunity" to make the successor of NEW ETERNITY an absolute master piece in the genre with even more ambition.

Rest assured AUGUST LIFE will hit back hard returning on stage while presenting this!

As the fans need not wait too long, a more than justified harbinger of the new album will be released as BRAND NEW SPECIAL EDITION exclusive song called THE BROKEN HOURGLASS! This song will NOT! be on the next album and will be exclusively for this release.

THE BROKEN HOURGLASS also includes 4 brilliant live recordings, splendidly mixed and mastered by Jack Nobelen (HORIZON, ACCEPT) plus a very special version of the song Nevermore with guest performer René Kroon (SUN CAGED) so be sure to have this SPECIAL LIMITED EDITION EP - CD release in deluxe digipack format.

## ABOUT THE ALBUM

Released in 1994, this album got sandwiched between trendy grunge rock and alternative hipsters that thought "metal" was a dirty word. Metal bands were having the life sucked out of them. "Hairband" was a derogatory term, and stars of the LA Strip scene were treated like an embarrassing drunk uncle. Despite the anti-metal sentiments, Barren Cross defied all odds and put out an epic classic metal/hard rock album on Rugged Records. That label folded and the album went out of print almost as soon as it was released. While their 80s albums were more polished power metal meets LA glam, Rattle Your Cage has a production that is somewhat raw and stripped down. It's special to hear the band ripping full-throttle bluesy hard rock with an ever so slight 1970s throw back sound reminiscent of Die Happy and Badlands. Though a couple tracks here sound like they could have easily fit on the State of Control era format, expect classic American-styled hard rock featuring one AOR anthem after another. Fully remastered by Bombworks Sound for CD and Vinyl these deluxe reissue are vastly improved with all new artwork by Scott Waters of NoLifeTilMetal. The CD comes with a band foil-stamped trading card

## **BETRAYED - The Unbeliever (NEW\*LIM.250\*CHI BAY AREA THRASH\*OVERKILL\*HEATHEN) - 16**

Thrashback Records 2021 - Brandnew limited 250 Bay Area Thrash Metal Sound from CHILE - US Import  
 "The Unbeliever" features 12 crushing tracks in two parts: "THE UNBELIEVER" and "BACK TO TALES OF WAR", with the latter being "live in the studio" re-recordings of songs from their past: 1989 "Our Option" demo, and the 1990 album release "1879: Tales Of War", all performed with their present line-up. Package features a 12-page booklet. LIMITED TO 250 UNITS!!!

FOR FANS OF: Testament, Exodus, Forbidden, Overkill, Heathen

BETRAYED was formed in late 1987 in Valparaiso, Chile (the Countries second largest city, and once called "the little San Francisco" in the mid - 19th Century) by drummer Claudio Tapia.

In 1989, BETRAYED would record their first demo, titled "Our Option", which quickly garnered attention in zines around the globe and became a favorite among demo collectors and tape traders

In 1990 the band would re-enter the studio and record their debut album, "1879: Tales Of War", for Oso Records which was produced by Anton Reisenegger (Pentagram, Fallout, Criminal, United Forces). Though BETRAYED garnered strong reviews and played many prominent shows, they would eventually disband in 1994.

In 2004 Claudio Tapia would begin to reform BETRAYED, but it wasn't until 2015-2016 that all the pieces fell fully into place and the present line-up was fully formed.

With the line-up of drummer Claudio Tapia, vocalist Erik Flores (Pyroclastic), guitarists JL Olmos (Soulrot) and Mauricio Castro (Sadistic Murder), and bassist Jacob Wilschrey (Soulrot), the band would unleash their first new music in over two decades with the single "Looters Will Be Shot".

In 2017 BETRAYED would begin recording more new material which would be realized as "The Unbeliever". These recordings would catch the attention of the Chile based label Arataria Records who would release the recordings in that region.

The sound of BETRAYED is Thrash Metal played the way it was meant to be, catchy & razor sharp. Stylistically, we would describe them as Bay Area Thrash (Testament, Exodus, Heathen, Forbidden) cross pollinated with a pinch of East Coast snarl.

## **BEWITCHER - Cursed Be Thy Kingdom (NEW\*LIM.DIGIPAK CD\*US BLACK/SPEED/HEAVY METAL) - 15**

Century Media Records 2021 - Brandew limited Digipak

Fantastic Mix of NWOBHM, Heavy Metal, Speed Metal and Black Metal

BEWITCHER, a heavy metal hybrid from Portland, Oregon, made their pact with Lucifer years ago. Now, with their Century Media debut 'Cursed Be Thy Kingdom', BEWITCHER are ready to spread their irreverence across the world. Recorded at The Captain's Quarters in Ventura, California by Armand John Anthony (Night Demon) and mixed by Cameron Webb (Motörhead, Megadeth), 'Cursed Be Thy Kingdom' is a powerful heavy metal rock and roll record, forged in the incandescent fires of hell. BEWITCHER give their fans what they yearn for - clenched fists, breakneck riffs, pounding tempos and an attack that knows no mercy. While BEWITCHER give their loyal bangers what they need, songs like 'Mystifier (White Night City)' and 'Valley Of The Ravens' show that the band is expanding their sound and taking a more measured, haunted mid-tempo approach.

## **BLAZON RITE - Endless Halls of Golden Totem (US EPIC METAL\*SLOUGH FEG\*VISIGOTH\*ETERNAL CHAMPION) - 14**

Gates of Hell Records 2021 - US Epic Metal Debut and a real big step forward comparing this with their Debut EP

First full-length from up-and-coming Philadelphia primal epic metallers! A year after the release of their brilliant Dulce Bellum Inexpertis EP, Philadelphias Blazon Rite returns with their first full-length, Endless Halls of Golden Totem, a triumph of true metal power!

For Fans of SLOUGH FEG, GATEKEEPER, ATLANTEAN KODEX, ETERNAL CHAMPION, VISIGOTHNIGHT, DEMON, LONEWOLF WITCHFYNDE, CLOVEN HOOF, DEMON, IRON MAIDEN, early MERCYFUL FATE, MARTYR, FROZEN SWORD !

**BLIND ILLUSION - The Likewise Sessions (Ultimate Anthology Vol 1) DCD (NEW\*LIM.SLIPCASE\*US METAL) - 18**

Cult Metal Classics 2021 – Brandnew limited to 500 copies. And it's the first volume of a series of upcoming reissues featuring all the unreleased and demo songs BLIND ILLUSION ever did. The Double Disc edition features amazing remastered sound, extensive liner notes, lyrics, huge thanks list and comes in a deluxe Slipcase packaging. Features the original iconic dot painting of Alvin Petty.

Early US "Prog" Metal / Hard Rock at its very Best !

Get ready for a unique piece of hard rock / metal history. Hard rock / heavy metal way ahead of its time by the Bay Area pioneers BLIND ILLUSION. These are their very first recordings remastered from the original master tapes, featuring a total of 14 songs, written at a time when the band members were averaging 16 years of age! Songs like "Kamakazi", "The Watcher", "Rockers Unite" and "Death Noise" will send shivers down your spine. This band could and should have been really huge, but the problem was that they have always been way ahead of their time. Imagine that the songs and lyrics were written in 1979 and there are lyrics like the following: "Early pop has got to die, Progressive Metal is my reply!". This must be the very first reference to "Progressive Metal" and this is coming from nearly 42 years ago! Crazy!

VIC Records 2021 - Brandnew Double cd with in total 42 track, booklet contains many rare and very early pictures. US DEATH / THRASH METAL Classic !

BRUTALITY formed in 1986 under the name Abomination and soon after released their first self-titled demo. In 1988, they changed their name to Brutality and released their second demo, also called Brutality. At this time, the band's line-up consisted of Larry Sapp on guitar and vocals, Jeff Acres on bass and vocals, and Jim Coker on drums. The band's third demo, Dimension Demented, was recorded in 1990 and Don Gates joined on guitar.

'Metamorphosis', the band's fourth demo, followed in 1991 on Wild Rags Records. This demo was recorded at Morrisound Studios, Tampa, Florida with Jim Morris (Death, Morbid Angel, Cannibal Corpse). Soon after, they signed with Nuclear Blast Records. In 1993, they recorded their debut album Screams of Anguish. This double CD contains all pre Sadistic / Screams of Anguish demos, live recordings and even the 1987 Abomination demo.

Extensive liner notes by Olivier 'Zoltar' Badin (Cathedral, Sacramentum). Double cd with in total 42 track, booklet contains many rare and very early pictures.

**CAPRICORN – Same (NEW\*GER SPEED METAL CLASSIC REREL. + BONUS TR.\*GRINDER) - 15**

Blackbeard - Jolly Roger Records 2021 - Brandnew limited Rerelease on CD of this GER Speed/Thrash Metal Classic from 1993 - EX - GRINDER !

Capricorn from Germany was formed in 1991 from the ashes of Grinder founded in 1985 in Frankfurt; they released in 1988 "Dawn for the Living" and in 1989 "Dead End" both on No Remorse label before joining Noise Records for "Nothing Is Sacred" (1991). Grinder separated because they lost their record-deal and the members did not find an agreement on the band's future. Capricorn line-up was: Adrian Hahn on bass and vocals, David Hofmann on guitar and Stefan Arnold on drums. They choose the monicker of Capricorn as the sound was both conceptually and stylistically far from Grinder. After a demo with six songs the band reached a record deal with Shark Records. On this label, the self-titled strong debut album was recorded in 1993 with producer Wolfgang Stach in the T&T studio, then the band toured Germany in 1994 with Grave Digger. In March 1995, T&T, sub-label of Noise Records, released the second powerful album entitled "Inferno". In Japan the album was released by Victor with the bonus track "Incredibly Ruined". Then the band split up and Stefan Arnold joined Grave Digger.

**CIRITH UNGOL - Half Past Human (NEW\*LIM. DIGIPAK\*US METAL FORGOTTEN GEMS) - 12**

Metal Blade Records 2021 – Brandnew Digipak Edition

Following the release of Cirith Ungol's triumphant reunion album Forever Black in April 2020. As time stood still, the band dug deep into their archival crypts and pulled back the veil of history to uncover long-forgotten gems from their storied past. In doing so, the band has exhumed four songs that were written in a bygone era but were never recorded as part of their fabled discography. Cirith Ungol brushed the dust off these precious relics and brought long-dead powers back to life. Each song has been reinterpreted for the present day and given a fresh dose of power and vitality, while the mysticism characteristic of the band has been retained and is still soaked in dark, apocalyptic energy. Taken under the watchful eye of producer Armand John Anthony (Night Demon / Bewitcher / Gygax) in the darkness of 2020,

Half Past Human promises to become a valuable addition to the music collection of the loyal legions of Cirith Ungol. Traditionally, the package is completed with stunning cover artwork by acclaimed fantasy artist Michael Whelan, who also designed the original Elric series.

This 2021 edition comes with remastered sound specially prepared for CD edition, full redesigned artwork and deluxe slipcase! Also includes a 16-page booklet full with liner notes, album story, photos and lyrics!

"Journey Into Fear", by the Canadian metal masters DEAF DEALER, has been Canada's best kept metal secret. The album was originally tracked in 1987 at the world-famous Toronto studio Metalworks with Dan Johnson and Scott Burns as producers, but for various reasons was never officially made available. A few cassette copies were circulated in the metal underground, and the LP eventually gained a cult status, with many fans going as far to call it "the greatest metal album never officially released." "Journey Into Fear" features the distinctive bass playing of bass virtuoso Jean-Pierre Fortin, coupled with great guitar lines by Marc "Hayward" Brassard and Yves "Ian Penn" Pedneault along with classic vocal lines by Michel "Flynn" Lalonde. Combined with way-ahead-of-its-time power drumming by Dan "Mc Gregor" Gregoire, the effort definitely deserves a spot among the greatest heavy metal creations of the '80s.

Based in Quebec, DEAF DEALER started in the early '80s as DEATH DEALER, and made an appearance on the legendary compilation "Metal Massacre IV" in 1983 with the song "Cross My Way". A short time later, the original singer Andre Larouche was replaced by Lalonde and the band changed its name to DEAF DEALER. They released a highly acclaimed debut in 1986 under the title "Keeper Of The Flame" and in 1987 they recorded eight songs that were never released. Soon after the recordings were completed, the group disbanded.

Mark Broomhead - Vocals, Bass (Seventh Angel)

Andy Neal - Guitars

Andy Bright - Drums

Paul Newington Wise - Guitars

Michael Bryzak - Guitars

- 1st new album since 1993
- Elite progressive thrash and metal!
- In-line with historical ultra-creative classic thrash metal bands from the U.K.
- 16 page booklet/insert with layout done by Detritus guitarist Andy Neal
- Early Detritus albums are mentioned in hushed reverence on both Pure Metal Records and R.E.X. Records.
- Glowing review from mega-mainstream metal resource Blabbermouth.com

After a "brief" hiatus, Bristol (UK) based experimental thrashers Detritus are back. Building on the success of their first two albums (Perpetual Defiance and If But For One), "Myths" hits you hard in the soul, wondering from which direction the next punch is coming. Delicate and brutal, driving rhythms, melody and a complex wall of sound will leave you wondering how you lived without them for so long

For fans of Celtic Frost, Triptykon, later era Seventh Angel, Believer, Possessed and Sodom.

Montreaux drummer Andy Harper and then 17 year-old Bassist Marc (woody) Woodward. For the 1st time all the bands demos and recordings in a limited press cd. For fans of Saracen - Praying Mantis this is for you

**FULL MOON – Night Class (NEW\*LIM.500 CD + 5 BONUS\*US 70's HARD ROCK\*JUDAS PRIEST) - 15**

Shadow Kingdom Records 2021 – Brandnew US Direct Import – US 70's Hard Rock - Limited to 500 CD Edition - As a generous bonus, Night Calls comes with a bevy of rare tracks: the two songs from the Cross Country Man 7" as well as three more that were recorded that same year, in 1982. To preserve the sanctity of the masterpiece that is FULL MOON's only album, Night Calls CD edition will have the original tracks and the bonus tracks.

Brandnew long-overdue reissue of the lone cult-classic album of Pennsylvania's FULL MOON, Night Calls

For Fans of '70s Scorpions, Thin Lizzy, Wishbone Ash, Pagan Altar and especially early Judas Priest

Formed in 1974 by brothers and guitarists John and Joseph Fischer in the small town of Hummelstown, Pennsylvania, the legend of FULL MOON would echo long after their untimely breakup in 1984. The band would release only one album, Full Moon, in 1980 and a successive two-song 7" in 1982; both records were private-press regional releases, and have been extremely difficult to track down for decades. But more than the scarcity of their recordings (and the inflated collectors' prices for them), what truly put FULL MOON into the category of "cult legends" was the music itself: moody, narrative, and incredibly dynamic hard rock that leaned strongly into early heavy metal. To hear FULL MOON now is a revelation, and fans of '70s Scorpions, Thin Lizzy, Wishbone Ash, and especially early Judas Priest are strongly encouraged to lend their ears to this legend.

Hereby is SHADOW KINGDOM incredibly honored to reissue FULL MOON's self-titled album in its entirety, now renamed Night Calls. A majestic seven-song work, Night Calls evokes an otherworldly mysticism like no other. It's hard-rocking, to be sure, but the weight of its "heaviness" comes not from overdriven decibels or accelerated tempos, but rather from the deft, unusually gentle feel the brothers Fischer and their bandmates, bassist Joe Wilhelm and drummer Kyle Alan Hetzel, employ across its epic narratives; each one will take you someplace special, someplace far beyond reality, but ever welcoming wherever it goes. Even more startling to behold is the fact that the entirety of the album was written and recorded when the average age of FULL MOON's members was but 19! Preternaturally mature, FULL MOON also recorded the whole album at the Marietta Theater – the oldest one in the state of Pennsylvania, and one of the oldest in the United States – with the band set up where the movie screen and pit was located while the "control room" was in the projection room at the top of the theater. The band also played all tracks live, essentially, with very few overdubs. Hearing is most definitely BELIEVING!

Stormspell Records 2021 – Brandnew US Import - Endless Pain is their 3-rd full-length album\* from 1993 and is great speed/thrash metal in classic Metallica vein (And Justice For All circa). Now re-released in very limited quantity of 300 copies, with 4 bonus tracks and lyrics translated to English in the booklet. Licensed from Metal Race Records

Jeleznoy Potok was a Soviet / Russian classic speed/thrash metal band founded back in 1988 by Dmitry Kulikov with the full support from his mom Lydia, who became the band's manager and was known as "THE metal mama". The band gained prominence and cult status with series of albums during early 90s, which were basically the Russian answer to early Metallica. And also for being part of the "Heavy Rock Corporation" - an organization founded by Sergey "Payk" Troitsky, the leader of KORROZIA METALLA and participating at all major live events organized by it.

Named after the same-titled novel by Russian/Soviet writer Alexander Serafimovich about the Russian Civil War, and although the novel was translated as IRON FLOOD on the western market, we decided to stick to the more-popular translation IRON STREAM, which is more accurate, and also the band has registered an online domain under that name already (iron-stream.ru, currently defunct)

\* - Metal-archives lists "the Prophecy" as the bands debut album, whereas "Chernaya Sila / Dark Force" is listed as "demo" but in fact it was the band's full-length debut album, officially released on cassette tape back in 1988.

**IRON STREAM – The Prophecy (NEW\*LIM.300 SOVIET SPEED METAL\*METALLICA) - 14**  
Stormspell Records 2021 – Brandnew US Import - The Prophecy is their sophomore full-length album\* from 1991 and is great speed/thrash metal in classic Metallica vein (Master of Puppets circa). Now re-released in very limited quantity of 300 copies, with lyrics translated to English in the booklet.

**JESS AND THE ANCIENT ONES – Vertigo (NEW\*DIGIPAK\*FIN OCCULT ROCK\*THE DEVILS BLOOD) - 14**  
Svart Records 2021 - Brandnew Occult Rock / Metal from Finland - Mini-gatefold CD Digipak !  
For Fans of Blood Ceremony, The Devil's Blood, Roky Ericksson, Jex Thoth

The Savonian occult rock behemoth Jess and The Ancient Ones have emerged with a new album! Their brand of heavy guitar and organ-led swagger has progressed from the twin guitar metal blast of yesteryear to Jess and The Ancient Ones' very own take on soulful late sixties garage psychedelia. Titled Vertigo, the new record is set for release on Svart Records on May 21st this year with a foreboding sound of lysergic doom.

What began on the previous record, 'The Horse & Other Weird Tales' is taken further and deeper, towards a conclusion on Vertigo. Songwriter and guitarist Thomas Corpse comments, "To me this album sounds like a dark horse – a brother to the previous album. There's a strange ominous feeling that hovers upon the entire album, maybe it's the feeling of nostalgia that's arising from the lyrics."

Wrapped in a crude tornado-adorned old school sleeve, the album's eight tracks bubble in a boiling cauldron of vintage pop culture influence and occult-tinged paranoia. Ranging from the softly fiery opening track 'Burning of

The Velvet Fires' to the almost heavy metal -ish nihilistic banger 'Born To Kill', Vertigo is a spiraling journey of heavy Finnish psych rock at its finest.

**LETCHEN GREY - Party Politics (NEW\*LIM.500 CD\*US MELODIC METAL LA 1986) - 14**

Lost Realm Records 2021 – Brandnew US Melodic Metal Classic Rerelease!

Deluxe CD edition limited to 500 copies, with 12-page booklet with lyrics, band biography and rare photos, bonus demo tracks and remastered sound.

They partied hard in the Sunset Strip! This forgotten 80s Melodic Metal gem will have is more than deserved CD reissue!

LETCHEN GREY is one of those examples of a hard rock and heavy metal cocktail. A product of this time, and mostly, of the local scene they were a part of: West Hollywood and the Sunset Strip-wave of hard rock/metal bands. The Roxx, Gazzarri's, Troubadour are some of the examples the band used as its nocturnal dwelling. Started in 1982 as SEXIST and after some line-ups changes, they were finally able to record a five song mini-album, that stands out to this day for its songwriting quality. The original vinyl edition is a favorite among collectors, contributing to that not only the music, but also the 'sexy party-themed' cover, very in vogue in the mid '80s.

Roxx Records 2021 - Brandnew US White Metal Import

- First time ever on stand alone CD
- Limited Edition of only 300 copies on Gold CD
- Jewel Case with 12 page booklet with full lyrics, liners, photos and more

Back in 1986 the Christian metal scene was really starting to gain a lot of ground. California was a great part of the music and artists that were coming out back then. Malachia was one of those bands with their very early Queensryche sound. With their debut EP 'Under The Blade' being released independently via the bands own Wayde Productions. Originally this release was sold available by the band on cassette tape and on a 12" vinyl pressing. Both of these were in very limited quantities back then.

In 1987 the band would go back in the studio and start to release their next release 'Red Sunrise' which was a re-recording and interpretation of the tracks with an added keyboard sound that the band did not have on that first release 'Under The Blade' and the band would again release this independently via Wayde Productions and only on cassette tape and a 12" vinyl pressing.

The band would continue to play shows all around California and gain a cult following in the US and abroad, but alas the band would ultimately never record another full length release.

2021 marks the 35th anniversary of that debut release 'Under The Blade' and to celebrate we are going to bring this rarity back to life! That is unless you would like to pick up a copy off of Discogs for the lovely price of \$979.. Yes this album is a bit RARE, in fact personally we had been looking for one for years. So what does one do when they cant find a copy? Well we completely recreate that vinyl and offer you one last chance to pick up this beauty of a Christian Metzl collectible. Limited first time on stand alone CD on a gold disc format and limited to only 300 copies!

Under The Blade artwork has been meticulously upgraded by Scott Waters of No Life Til Metal Graphics with a brand new layout and design inside this amazing package. The sound was also completely remastered by Rob Colwell of Bombworks Sound and you have never heard this album sound so good!

#### **MALEVOLENT CREATION - The Demos (NEW\*US THRASH METAL CLASSIC DEMOS 1987 + 89) - 15**

VIC Records 2021 – Brandnew US Thrash Metal Classic Demos 1987 + 1989

Malevolent Creation is formed in Buffalo, New York in 1987. The original members were vocalist Brett Hoffmann, guitarists Phil Fasciana and Jim Nickles, bassist Jason Blachowicz, and drummer Dennis Kubas. The band moved to Florida a year after it formed and easily emergent in local death metal scene. In 1990 they signed a deal with Roadrunner Records. Their debut album 'The Ten Commandments' is widely considered as a death metal mile stone. Cover artwork for this complete demo discography is made by Thomas Pinheiro (Possessed, Lobotomy, Defiance). All tracks are remastered at Suncord Audiolab (Varathron, Celestial Season, Sacramentum). Booklet design by RaDesign (Reverend, Heir Apparent, Sacramentum, Lord Belial). Extensive liner notes by Christopher Dick (Decibel Magazine). Disk I contains the 3 tracks demo 1987, demo 1989, their ground-breaking demo 1990 (recorded at Morrisound Recording, Tampa, Florida (Death Cannibal Corpse, Deicide) and finally 5 live tracks recorded at The Thrash Can, Miami, Florida, September 1990. Disk II contains the 8 tracks official live demo 1989 and their 5 tracks Live ep 1993. Personnel over the years featuring on this double CD are besides core-members Phil Fasciana (Guitars) and Brett Hoffmann (Vocals) for example Lee Harrison (Monstrosity, Terrorizer) on drums, Alex Marquez (Solstice, Demolition Hammer) and Mark van Erp (Cynic, Monstrosity, Solstice).

#### **MISTREATER - Hell's Fire (NEW\*LIM.CD ED.\*US DOOM/STONER METAL 1981\*BLACK SABATH) - 15**

On The Dole Records 2021 – Brandnew US Doom Metal /Stoner Rock from 1981 !

If Black Sabbath had been born and bred in an Ohio mobile home and raised on a steady diet of smoke and acid - the result would sound exactly like Mistreater

In 1981 the group independently recorded and released the "Hell's Fire" album. Today the album is considered a US metal classic and is considered one of the strongest metal albums ever made by metal aficionados - original copies are hard to find and there's a hefty price tag if you're lucky enough to find a copy for sale.

Mistreater are from Creston (population 2000) and were far outside everything and everybody associated with the "hip" music scene in Ohio. Mistreater either didn't know or care about the scene in nearby Cleveland where bands like proto-punk rockers Electric Eels, Rocket From The Tombs and Styrenes made waves. Pere Ubu and Dead Boys sprang from these roots. The Pagans ruled the Cleveland area during the punk days. Earlier, The Choir, Raspberries and The James Gang were pivotal Cleveland bands. As local audiences were receptive, the city was a major stop-off for touring bands. Similarly, radio station WMMS also had open ears. Nowadays, The Rock & Roll Hall Of Fame is located in Cleveland. It goes on – Cleveland and its surroundings were happening. Mistreater was into none of this... Their music was by outsiders for outsiders. More brutal, raw and louder than everyone else. Rough-edged and without gloss, the

Mistreater of Hell's Fire was not aiming for the mainstream. The riffs are stoner hard knock-outs and the guitar leads are psyched out punches rooted in heavy psychedelia.

Sweden's On The Dole Records are proud to present the first ever reissue of "Hell's Fire". And in true OTD fashion no expenses were saved. The band was interviewed for the extensive liner notes, rare photos were found, the sound is remastered and carefully restored, and the non album single b-side "Baby Blue" is added as a bonus. This is a US metal / D.I.Y masterpiece that should be heard by everyone into hard, loud music and massive guitar riffs. It's like Greg Sage of The Wipers had gone metal. It would have been the ultimate soundtrack to Tim Hunter's "River's Edge" movie with Dennis Hopper. Mistreater were young and had no contacts or knew ways to reach out with their music back then... Now the time has come for the resurrection of Mistreater.

Mistreater is not in the nearby Rock'n'roll Hall Of Fame in Cleveland. But they should be. This OTD reissue goes to prove it.

### **MOTIVIK – Death of the Gunmen (NEW\*US THRASH METAL\*SACRAMENT\*TOURNIQUET) - 15**

No Life Til Metal Records 2020 - Jewel Case Edition w/8 page booklet

Atlanta's very own Motivik. How do you say Motivik? (MOE-TEE-VICK) what does Motivik mean? Motivik is derived from the word Motive. And what is the Motive of Motivik? To rock you hard with a message of hope and encouragement for a lost generation.

Motivik features Ryan Roebuck handling the music and vocals and Courtney Simmons on vocals. That's right dual vocalists, modeled in a way much like Gary Linaire and Guy Ritter from Tourniquet except they pretty evenly share the vocal duties. If you ask Motivik what there sound is like or what their style is they would say they are 'Melodic Groove Thrash'. A little more on the thrashy side if you ask us, especially when you listen to the bands cover song from Sacramento 'Souls in Torment' featuring a guest appearance from Sacramento's very own Robert Wolfe. Check out a sample of the track here.

If you love thrash, groove, doom and rock all spun together and cooked up with catchy hooks be sure to pick up a copy!

Each of the eight tracks is a hell of a destruction hammer that almost makes you take off from the sheer propeller banging. Prepare frocks, rivets and beer and off with your fists in the sky! The lion's share of the blast is good Thrash Metal. The riffing doesn't sound dusty or old-fashioned. On the contrary, extremely handy, fresh and carefree, the ax faction dismantles any neck area and beer garnish without getting stuck on the dominant Thrash boot. Modernity and boredom are foreign words for MOTIVIK, instead they prefer to focus on speed and razor-sharp riffing. But as it is, the massive wrecking balls mowed over everything mercilessly. If you listen to the disc with an open mind, you immediately feel like you've been transported back a few years - but you shouldn't mourn the past, because thanks to bands like MOTIVIK, the flag of metal will never sink to the ground. Be sure to check it out - it's worth it.

### **MP - Bursting Out (NEW\*GER HEAVY METAL CLASSIC '86 + BONUS\*ACCEPT\*VAMPYR) - 13**

RELICS FROM THE CRYPT 2021 - Brandnew GER Heavy Metal Classic Rerelease from 1983 + Bonus Tracks

For Fans of Accept, UDO, Vampyr, Trance or Living Death

Originally released in 1986 on the short-lived Steps Records, Bursting Out (The Beast Became Human) was the first recorded statement of Germany's MP. As such, it retains all the electricity and urgency of youth. It also upholds Germany's rich heritage of heavy metal, which spanned the early hot-rockin' throes of post-NWOBHM to the nascent rumblings of speed metal and its subsequent thrash offshoot, and of course the more mainstream stylings which lingered across all those idioms. It was still the 1980s, after all, and "heavy metal" as both a term and especially a musical style & subculture had yet to be too finely locked into boundaries. And with a complete lack of self-consciousness and, in its stead, an abundance of enthusiasm and energy, MP ably crisscrossed all these metals on their debut album, Bursting Out (The Beast Became Human).

### **NATUR - Afternoon Nightmare (NEW\*JEWEL CASE CD\*US OCCULT METAL\*M.FATE\*PORTRAIT) - 13**

Dying Victims 2021 – Brandnew Album by US Occult oldschool Metal warriors "Natur" ! Finally on CD

For Fans of Mercyful Fate, early Metallica, Portrait, In Solitude, Attic

NATUR with all the fury of the late 70s and early 80s, adds a touch of Kill em' All, and brings that leather-clad spirit into the future. It's a rip-roaring good time for fans of glorious no-nonsense heavy metal.

This record sounds like a motorcycle gang gatecrashing a party in a haunted house. Wall-to-wall riffs peppered throughout with heebie-jeebie horror synths that will leave you feeling like MacReady surrounded by burning rubble and passing that bottle of whiskey.

### **NEPTUNE - Northern Steel (NEW\* SWE HEAVY METAL COMEBACK\*HEAVY LOAD\*I. MAIDEN) - 15**

MELODIC PASSION RECORDS 2020 – Brandnew Comeback Album - SWE Epic Heavy Metal - Jewel Case Edition !

**THIS IS JUST NOT ANOTHER SWEDISH METAL BAND...THIS IS SWEDISH MAJESTIC STEEL!!**

With an image and song writing style like a cross between IRON MAIDEN, HEAVY LOAD and MANOWAR, the band penned some great classic heavy metal tunes !

Neptune, is an 80s melodic metal band that has built up a loyal fanbase over time. They are now finally releasing their debut album, only 35 years after they pulled the plug from the band and restarted the engine with three original members once again.

The band was completely unaware that some of their old recordings leaked online early 2000s which later found its way to different metal forums and they got new fans around the globe which culminated in the release of the compilation "Land of Northern" back in 2018.

After the release of the compilation album Land of Northern, the band decided to start write new material in the old school 80's style and release a full-length album. But life wanted otherwise. Their long-time member and vocalist Ray Alex passed away early 2019 and the band retreated once again to make a decision on how to proceed. The band had a couple of gigs booked and chose to full fill them with Ray Alex brother Row Alex on vocal. This gave them new energy and they decided to take it to the next level and release what will be the band's first real full-length album - Northern Steel.

**OVERTHROW – Within Suffering (NEW\*US THRASH METAL CLASSIC + BONUS 1990\*DEMOLITION HAMMER) - 13**

VIC Records 2019 – Brandew US Thrash Metal Classic 1990 + Demo + Live Tracks

OVERTHROW was formed in January 1987 and consisted of Nick Sagias - bass/vocals, Ian Mumble – guitar, Derek Rockall – guitar and Wayne Powell – drums. They released their debut demo "Bodily Domination" in April 1989. It was produced by Brian Taylor (Sacrifice, Slaughter, Sudden Impact). During late November 1989 Derek Rockall leaves and was replaced by Ken Wakefield. Overthrow recorded their debut CD "Within Suffering" in June 1990 at Morrisound Studios. The album was recorded by Tom Morris (Morbid Angel) and Scott Burns (Obituary, Death, Sepultura). Produced and mixed by Scott Burns. The band released an official video for the track "Suppression". Overthrow was disband in March 1991. The debut re-issue comes with their 1989 demo as bonus plus six extra live tracks. Vocalist Nick formed an all star death metal band in late 2018: Tribe of Pazuzu.

An often heard comparison regarding Overthrow is: Demolition Hammer + Sodus + Morbid Saint = Overthrow.

**OZ - Forced Commandments (NEW\*LIM. SLIPCASE ED.\*BRA IMPORT\*FIN METAL) - 15**

Hellion Records BRA – 2021 - Brandnew BRA Import - NEW ALBUM – Slipcase Edition CD

**PALADINE - Entering the Abyss (NEW\*GRE POWER METAL\*BLIND GUARDIAN\*FIREWIND)**

PALADINE was formed in 2013 and the mission is to create music by combining the finest elements of epic, heavy and power metal: power, melody, speed, energy and emotion. Inspired by love for fantasy literature, especially the Dragonlance saga and its two main authors, Margaret Weis and Tracy Hickman, the original material of PALADINE and the album "Entering the Abyss" is a concept story based on the Dragonlance saga.

Recommended for fans of Power Metal, INNERWISH, FIREWIND and BLIND GUARDIAN.

**PARADOXX - Plan of Attak - The Complete Worxx (NEW\*LIM.CD\*US METAL 1985\*TOP RARITY) - 16**

No Remorse Records 2021 – Brandnew limited Release of an US Metal Classic Gem !

Including a 16-page booklet with new liner notes by John Dobbs, lyrics and photos.

Paradoxx's mini-album "Plan Of Attak" is one of the rarest heavy metal releases. It was pressed in 1985 and it is rumored that only a few surviving copies exist, handed out to press and friends of the band. Over the years, this release became the Holy Grail of US metal for collectors all over the world. Paradoxx continued performing live for a few more years, and a few more songs were recorded besides the four tracks of the original EP release. Those tracks are included in this official reissue supervised by the Paradoxx founder and guitarist John Dobbs, who finally offered to the metal world THE COMPLETE WORXX of one of the most wanted reissues in the history of underground metal.

#### **PERPETUAL PARANOIA – Hellfest (NEW\*US WHITE THRASH METAL\*HAVOK\*SLAYER) - 14**

Retroactive Records 2021 – US Direct Import – US White Thrash Metal - 8 panel insert with lyrics / jewel case  
Hell Fest is Elite Dark, Thrash Metal featuring Tiago (Hand of Fire/Biogenesis) and Dale Thompson (Bride) - If you were headed to a deserted island and could take only one metal CD with you - this is a bonafide desert island disc! It's that brilliant! Tiago is one of the finest guitarists we have ever heard - wielding his molten metal axe and playing with jazz-inspired skill and precision. Taking no prisoners and leaving behind only mushroom clouds, tank treads, and an arachnid cadaver crawling across the landscape, Hell Fest is dark, heavy and the definition of METAL. Add in the primal screams and vocals of Dale Thompson who seems to only get more accomplished and better with age - and you have one of the finest metal albums 2021 will offer. No band sounds like Perpetual Paranoia - this collection of musicians is creating music others can only hope to emulate  
Expect to hear elements of Slayer, Toxic Holocaust, Kreator, Havok, and Celtic Frost.  
Featuring Michelle Braglia Rodovalho, Carlos Osnaya guitar solo participation. Derek Dorneles on the drums. Joe Moghrabi guitar solo.

Honestly this album definitely is my best album I have done. Dark heavy, aggressively and melodic. Every time I listen to the album, I felt with the spirituality the album is and going through. The message and vocals, Dale put it on, is unbelievable. This album is definitely, is big move to me and my career as a producer.

Tiago James de Souza (Perpetual Paranoia guitarist extra-ordinaire)

Perpetual Paranoia takes my vocals into a whole new dynamic and I love the challenges that I have in this band. Hell Fest certainly is one of those albums that a vocalist cannot go into lightly. The songs are rich with aggression and theatre and in this sort of metal arena I found myself digging deep in order not to only bring out the best performance but the passion I have about the message within the individual songs. Any fan of metal will find value in the finished work of Hell Fest and hopefully the Spirit of the music and the intention why it was written and performed shines through.

Dale Thompson (Vocalist of Perpetual Paranoia and Bride)

Mix and master by: Juan Urteaga (Testament, Exodus, Machine Head)

#### **POSSESSED – Death Metal Demo (NEW\*US DEATH / THRASH METAL CLASSIC DEMO 1984 + BONUS) - 13**

VIC Records 2021 - Brandnew US Death / Thrash Metal Classic - Demo 1984 + Rehearsals 1984

One of the most influential metal bands ever, is without doubt Possessed. Didn't they create an entire main genre in extreme metal? The Possessed demo 'Death Metal' from 1984 was ground breaking and led to a deal with Combat Records. Debut album 'Seven Churches' was released late 1985 and influenced many, if not all, extreme metal bands up till today. This release, simply titled 'Death Metal Demo', contains the three legendary debut demo tracks 'Death Metal', 'Evil Warriors' & 'Burning in Hell'. "Fallen Angel" was recorded during the same session (not added to the official demo back then) is also added to this compilation. And so is the legendary track 'Swing of the

axe' originally released on the Metal Massacre VI (1985). The cd also contains a rehearsal from 1984 featuring 5 tracks and live tracks from 1987. 15 tracks in total. All tracks are carefully restored and remastered by Achilleas Kalantzis (Vio Lence, Defiance, Varathron). Extensive liner notes / interview with Jeff Becerra by Pim Blankenstein. Rare, never before published pictures and additional liner notes by Harald Oimoen (Murder in the Front Row co-author). Cover and booklet art by Thomas Pinheiro (Malevolent Creation, Defiance, Lobotomy).

**REDSHARK - Evil Realm - Expanded Edition (NEW\*LIM.ED.\*SPEED METAL\*EXCITER\*RANGER) - 13**

Iron Oxide Records / Skol Records 2021 - Brandnew Complete anthology of this young Speed Metal/NWOTHM act. The album includes 2 full EPs and 2 singles - 12 songs. New dynamic old school mastering, thick booklet, original artworks.

REDSHARK is a young Spanish Heavy Metal band, formed in 2012 in Barcelona. The band debuted with a "Lights Of Darkness" single, which was released in 2013. In 2016 REDSHARK released debut EP entitled "Rain Of Destruction" and another single, "Destroy What Destroys You". Their latest release, the "Evil Realm" EP, was released in 2019. While many of the so called NWOTHM (what stands for New Wave Of Traditional Heavy Metal) acts follow the classic British Metal path, and the style immortalized by bands such as IRON MAIDEN and JUDAS PRIEST, REDSHARK presents a little bit different approach.

Their style refers to both mentioned Classic Heavy Metal, but also Speed Metal heroes of the '80s, such as EXCITER or ABATTOIR. Iron Oxide Records is proud to present "Evil Realm (expanded edition)" which includes all 12 tracks which REDSHARK recorded between 2013 and 2019, freshly mastered by the Heavy Metal veteran Bart Gabriel.

- Collection of 12 studio recordings, incl. 2 complete EP's and 2 singles
- For fans of: EXCITER, JUDAS PRIEST, RANGER, ENFORCER
- Original artworks and thick booklet with lyrics
- New mastering by Bart Gabriel (SATAN, CIRITH UNGOL, AVENGER)
- Brand new release of Iron Oxide Records (twin label to Skol Records)

**REVEREND – A Gathering of Demons (NEW\*US POWERTHRASH METAL 2001\*D.WAYNE\*M.CHURCH) - 13**

VIC Records 2019 – Brandew US PowerThrash Metal Classic 2001 + BONUS

Reverend is an American thrash and power metal band from Seattle, Washington. Formed in early 1989 when vocalist David Wayne left Metal Church. Most of the earliest band members, were recruited from a Los Angeles power metal act named Heretic (and Heretic's vocalist Mike Howe joined Metal Church). Vocalist David Wayne sadly died from complications resulting from a traffic accident in 2005. Reverend released two studio albums, one live album and two mini cd's over the years. David's final recordings and release was Reverend's 'A Gathering of Demons' mini cd together with the Wayne album 'Metal Church'. Both were released in 2001.

This re-issue of 'A Gathering of Demons' contains a brand new remix of the entire mini cd, plus the original 2001 mix, the UFO cover track 'Lights Out' and rare live and recordings, 12 tracks in total. The booklet is carefully restored from the original files and contains extensive liner notes about the entire Reverend history.

**RITUAL SACRIFICE – When Hope is Pain (NEW\*US TECH/THRASH METAL '95\*SADUS\*CYNIC) - 13**

VIC Records 2021 – Brandnew US Technical Thrash Metal rerelease from 1995 for Fans of Sadius, Cynic, Slayer, Dark Angel

Rhode Island's Ritual Sacrifice was formed in 1988 and released five demo's from 1989 to 1994. The band recorded their debut album "When Hope Is Pain" in 1995. Due to their label going out of business, it went unreleased until now. The album 'When Hope is Pain' contains 13 furious and rather technical thrash metal songs. Ritual Sacrifice has always been compared to bands as Cynic and False Prophet and of course Slayer and Dark Angel. 'When Hope Is Pain' was recorded at Triad Studios with Tony Ricci (Godless Rising, Vital Remains). The album contains extensive liner notes from lead guitar player Bill Pincins. Guitar player Mike Longworth played with Prong for 15 years (as bassplayer) after Ritual Sacrifice split up in 1996.

**SANDSTORM – Desert Warrior (NEW\*CAN METAL\*UFO\*PRIEST\*TRAVELER\*MANOWAR) - 12**

Dying Victims Productions 2021 - Brandnew MCD - Killer classic Heavy Metal from CANADA for Fans of early Judas Priest, Traveler, early Manowar, UFO, Accept

Dying Victims, It was but the spring of 2020 when DYING VICTIMS unleashed SANDSTORM's debut album, Time to Strike, onto the worldwide metal scene. Prior to that, the Vancouver-based band had self-released the album in early 2019, and while the initial run sold out quickly, it remained a diamond in the rough. But indeed, diamonds shine regardless, and soon enough did Time to Strike gleam reach all corners of the globe: here was glorious (and gloriously scrappy) pre-speed/thrash HEAVY METAL in the literally ancient, sword-wielding style so favored in the early 80s, rendered in such authentic (and authentically over-the-top) style, you'd be forgiven for thinking that this was some unearthed relic from the era. Word spread, and rightly, that SANDSTORM were the Real Deal. And now, with the imminent release of Desert Warrior, SANDSTORM prove loudly that they are the REAL fucking DEAL! A swift-yet-generous record at 21 minutes, the four songs comprising Desert Warrior are thematically unified by classic late 60s / early 70s sci-fi tropes, and the power-trio suitably keep the focus

#### **SERVANTS TO THE TIDE - Same (NEW\*EPIC DOOM METAL\*ATLANTEAN KODEX\*WHW\*CANDLEMASS) - 14**

No Remorse Records 2021 – Brandnew Epic Doom Metal Killer

Epic Doom Metal recommended for fans of ATLANTEAN KODEX, WHILE HEAVEN WEPT, SOLSTICE and CANDLEMASS.

SERVANTS TO THE TIDE from Germany, were formed by Leonid Rubinstein (ex-CRAVING) paying homage to his personal Doom Metal heroes such as ATLANTEAN KODEX and WHILE HEAVEN WEPT, and also expressing his personal vision of Epic Doom Metal - melancholic, dramatic, melodic. Stephan Wehrbein (SCREAMING SOULS) was found as the perfect voice to bring this vision to life, and when it came to recording, Lucas Freise (EYES WIDE OPEN) added his drums to the mixture.

#### **SIGNIFICANT POINT - Into the Storm (NEW\*JAP SPEED METAL\*LOUDNESS\*JUDAS PRIEST) - 13**

Dying Victims 2021 - Brandnew Heavy / Speed Metal from Japan - For Fans of Loudness, Anthem or Judas Priest with high pitched Vocals

Hailing from Japan, SIGNIFICANT POINT was formed by guitarists Kazuki Kuwagaki and Gou Takeuchi in March 2011. Holding high the banner of old-school speed/heavy metal, they started playing live shows in Tokyo. Through a lot of member changes, SIGNIFICANT POINT released their first demo, Attacker!, in 2014 and the Live at Tokyo CD in 2017. In 2018, the two-song EP Attacker was released on 7 vinyl by Frances Inferno Records, and it received a good reaction in the underground scene. Itormentor (drums) and Kazuhiro Watanabe (bass) joined in 2016 and 2018, respectively, and the current lineup of SIGNIFICANT POINT was at last finalized. In 2019, they started recording their first album. With great help from George Itoh (Risingfall / Military Shadow), it was completed in September 2020 after a year and a half of effort. Fittingly bearing the title Into the Storm, SIGNIFICANT POINTS debut album is indeed a monsoon of heavy metal mayhem, spanning traditional and epic styles to speed metal and even early power metal. The band live and breathe heavy metal in all its...

#### **SLAUTER XSTROYES - Winter Kill (NEW\*LIM.500\*US METAL CLASSIC + 3 BONUS TR.) - 14**

Cult Metal Classic Records 2021 – Brandnew limited to 500 - US Metal All time classic + 3 BONUS !

There are no words needed for one of the top ten U.S. metal albums of the 80's. Featuring metal rippers like the title-track, "City of Sirtel", "Black Rose and Thorns", what we deal with here is a monster from the golden scene of Chicago in the 80's, featuring remastered sound, lyrics, liner notes and three bonus songs, of which "Saint's Revenge" you get to hear for the first time in its complete form in an official release of the band. The original classic album of the band is one of the most hard to find U.S. metal albums and even the reissues fetch sky high prices, so it was about time to get the ultimate edition of this immortal classic. Dedicated to the memory of Jonathon Stewart (singer) and David Bonow

(drummer), with the blessings of Brent Sullivan (bassist) and Paul Kratky (guitarist), be prepared for quite possibly the ultimate reissue of 2021.

Limited to 500 copies

**Svart Records 2021 - Punk & Doom originators go straight to the soul of heavy rock on their new album Caveman Logic - Digipak CD**

**Pentagram’s Bobby Liebling cuts an imposing figure handling vox atop the band’s no frill, all kill, guitar driven sound. The Limit embrace the stripped down attitude of punk while celebrating the three chord legacy of back to basics rock N roll.**

**More than a super-group, The Limit goes over the edge, to deliver real-deal, soulful Rock and Roll. Consisting of members of legendary Punk instigators The Stooges, the founders of Doom Rock Pentagram, legendary NYC Punk originators Testors and infamous Portugese metal band Dawnrider, The Limit break out from the foundations of heavy rock and defy all expectations, to show a new generation what doom and punk really means. On the new album Caveman Logic, Bobby Liebling, singer and main-man of Pentagram, one of the originators of early Doom Rock and an inspiration for generations of Heavy Rock fans, on vocals, gives the performance of his career, singing like his life depended on it. Sonny Vincent, enigmatic legend of the early NYC Max’s Kansas City, CBGB Punk scene with his band Testors, having been on the road and recording with members of The Velvet Underground, lays down the guitar driven songs, his writing bearing all the hallmarks of ground-breaking Rock history in it’s filthy DNA. Phenomenal bass playing from Jimmy Recca, ex- The Stooges, and Ron Asheton’s New Order, gives The Limit the intense and world-class, speaker-destroying bottom end. Joined by Hugo Conim on Guitar and João Pedro Ventura on Drums from Portuguese band Dawnrider, The Limit fuses star-dust pedigree with an organic incendiary chemistry that’s instantly raw and real. A dream come true to those that know their Doom/Punk history, The Limit brings the past right up to date on Caveman Logic, with an essential, burning passion at the heart of their songs. Seldom has a collaboration of well known stars in music sounded so vigorous and frenzied as The Limit’s caveman-like roar.**

**The Limit is an astoundingly fresh and hot-blooded shot to the veins that Heavy Rock needs in this day and age. Conjured forth by stone-age pioneers, Caveman Logic goes to the heart of impassioned Heavy Rock and Punk, to deliver the basic and vital elements often missing in so much of today’s music. If you want primitive and straight to the soul primal rock, fresh from the grave and exhumed for a new unwitting future, look no further than Caveman Logic. This is it. This is as far as it goes. The Limit!**

**Caveman Logic Produced By Sonny Vincent**

**Bobby Liebling (Pentagram) – Vocals**

**Sonny Vincent (Testors) – Guitar and Vocals**

**Jimmy Recca (The Stooges) – Bass**

**Hugo Conim (Dawnrider) – Guitar**

**João Pedro Ventura (Dawnrider) – Drums**

**Special guest Guitarists on Caveman Logic:**

**Fabian Dee Damners (UDO)**

**Nils Finkeisen (Die Krupps)**

**Paul Simmons (Bevis Frond)**

- 16 page booklet / jewel case
- Comes with Trytan foil-stamped trading card

This album is an exciting and brilliant musical and emotional rollercoaster, but fans know that's par for the course from progressive rockers, Trytan. Blood of Kings marks the band's third iconic milestone on a musical journey that began over 30 years ago! Blood of Kings features band leader, Lary Dean on vocals, Eric Gillette (Neal Morse Band), Jim Laverde (Barren Cross), Rey Parra (Sacred Warrior/Deny the Fallen), John Elefante (Kansas/Mastedon) and together they offer a vibrant manifesto of world-class musicianship, vivid lyrical scenarios and ambitious, multi-leveled compositions that have established Trytan as a uniquely compelling creative force like never before! To simply describe Blood of Kings as "epic" is to seriously underestimate the brilliance jam-packed into this album. This is definitive ear candy for even the most distinguished of music fans. For fans of Dream Theater, Rush, Kansas, Spock's Beard, and The Neal Morse Band.

"...this is not only the best Trytan album I've heard, but one of the best albums I've ever heard period and I mean that sincerely with all of my heart. I have no doubt that it will not only touch people's lives, but change them as well! I can't wait to play it on our radio show!" Jeff D'Bury -The Rock & Roll Casserole Show

"The Blood of Kings is progressive, heavy, melodic and memorable. Album of the year consideration and it's only February. Lary Dean with Eric Gillette and Jim LaVerde have assembled what could be an all-time classic. And epic landscape of sound that is world-class." Keven Crothers / White Throne Reviews & Radio

On "Blood of the Kings," Trytan knocks the ball out of the park in an overlooked and sparsely populated Christian progressive metal genre. A bit too early in the ballgame, but also a potential album of the year contender.  
Angelic Warlord Reviews

Wow! Fans who dug the first two albums are going to FREAK! "The GodStorm" into "The Revelation Song" segue is epic. Oh my! I've been waiting for years for a metal band to cover this majestic worship tune!  
Doug Van Pelt / Heaven's Metal Magazine

### **TRYTAN – Celestial Messenger (NEW\*GOLD DISC\*US WHITE PROG ROCK + 3 BONUS) - 20**

Retroactive Records 2020 – US Direct Import

For fans of Rush styled prog metal with HOOKS!

- #25 on Angelic Warlord's Top Christian 50 albums of the 80's
- 85% Review from AngelicWarlord.com
- Limited Edition Gold Disc Edition CD
- 3 previous unreleased, thunderous, must-hear demo bonus tracks

- 2020 remaster by Rob Colwell of Bombworks Sound
- Enhanced artwork by Scott Waters of NoLifeTilMetal
- Full sized panel with all-new cover by NLTM Scott Waters
- Gold Disc Edition front cover features the original classic cover

Let us take you back in time to the 80's. Open the wardrobe and grab your spandex trousers, look in the mirror and get the spray ready to make that hair big! Trust us - just close your eyes and take a super-charged spaceship back to the glory days of hard rock and heavy metal smack-dab in the middle of 1987! The music on Celestial Messenger is exquisite - featuring thundering bass lines, wickedly righteous guitar riffing, and drumming perfection while all being tied together with the silky-sweet Geddy Lee inspired vocals of Lary Dean. One listen to the remastered magic of this classic album and we were instantly hooked just like 30+ years ago when we bought the cassette at our local Christian bookstore! The Rush-inspired synthesizers cannot be overlooked as they continue to be a critical part of Trytan's progressive rock masterpiece that has aged like a fine wine over time. As an added treat, Retroactive Records worked with the band to come up with three must-hear bonus tracks from

Trytan demos and wow - wow - and more wow are they progressive rock round-house kicks - one after the other. While they are demo tape tracks, the music is top-shelf elite and the kind of songs you want to listen to repeatedly. Tryan proves this band knows how to balance melody, musicianship, jams, complexity and hooks with progressive rock finesse. The 2021 Gold Disc Remaster is the quintessential CD reissue of this revered classic. This CD reissues comes with the strongest recommendation possible. It is elite in every way and comes with a Trytan foil-stamped trading card. For fans of Kansas, Rush, Balance of Power, Threshold, Jacobs Dream, Veni Domine.

**WHITE HEAT - Soldier of Fortune (NEW\*LIM.SLIPCASE CD\*NWOBHM\*JJ's POWERHOUSE) - 12**

High Roller Records 2021 – Brandnew limited slipcase, red tray, ltd 500, Formed by guitarist J.J. Cox after the demise of JJs Powerhouse, White Heat was a London-based four-piece which also featured vocalist John Dunning, bassist John Tucker and drummer Kevin Cassidy. The band issued just one single in its brief lifetime, Soldier Of Fortune b/w Love Maker which came in a picture sleeve depicting the famous final scene of the film from which the band had taken its name.

Some time before the release of the Soldier Of Fortune , White Heat had demoed another pair of tracks, this time with vocalist Paul Armfield behind the mikestand. Although they were never officially released at the time, Missing You and Ride To Hell were used to get the band gigs, primarily in The Netherlands and Germany where the band developed a fan base. 'Soldier of Fortune' draws together the bands four recordings, and illustrates just why Forearm Smash once dubbed White Heat one of the UK fanzines best bands

**WITCH CROSS - Angel of Death (LIM.SLIPCASE ED.\*DK HEAVY METAL\*FIT FOR FIGHT) - 14**

High Roller Records 2021 – Brandnew DK Heavy Metal – lim. Slipcase Edition

Along with the legendary Mercyful Fate and some considerably more obscure acts such as Alien Force, Randy and Crystal Knight, Copenhagen's own Witch Cross must rate as one of the best Danish heavy metal bands ever. The band's 1984 album »Fit For Fight« is surely one of the Top 5 albums in the history of Danish heavy metal. After a long pause, »Fit For Fight« was followed by the second album »Axe To Grind« in 2013. The line-up of Witch Cross has been constant for the last five years and it was band founder and guitarist Mike Koch who recorded the brand new studio album »Angel Of Death« together with Jan "little John" Normark on bass, Kevin Moore on vocals, Paul Martin on guitar and Jesper Haugaard on the drums.

**WITCHSEEKER - Scene of the Wild (NEW\*HEAVY/SPEED METAL\*RIOT CITY\*ENFORCER)**

Dying Victims 2021 – Brandnew Heavy / Speed Metal from Singapore

For Fans of Riot City, Oz, Raven,High Spirits and especially Enforcer,

Hailing from Singapore, WITCHSEEKER formed in late 2012, originally as a one-man project by Sheikh Spitfire. By the time of the band's first EP, 2014's Night Rituals, WITCHSEEKER had expanded to a trio but was then pared back to a duo for their debut album, 2017's When the Clock Strikes, with Brandon Speedranger on guitars and Sheikh Spitfire on vocals, bass, and drums.

While traditional metal is not often associated with Singapore, WITCHSEEKER gained the attention of their national scene with a classics-minded style of heavy metal that's packed with power, speed, melody, and aggression. Legions have joined their cause, and over the years, WITCHSEEKER have shared stages with such bands as Firehouse, Enforcer, Destruction, Midnight, Exciter, and many more.

**XALT – Dark War (NEW\*US WHITE METAL+DEMO `89\*JUDAS PRIEST\*DOKKEN\*LIM.500) - 17**

Retroactive Records 2017 – US WHITE METAL CLASSIC 1988

Dark War is an unabashedly "old school" metal record, and for as much as collectors have sought out this near impossible find, this 1988 cassette only album was an independent release put out by a band that was leading a Christian metal movement in Michigan, Ohio and the surrounding areas! The band would not have the support of a label (Pure Metal) until their sophomore release, Under the Ruins. Dark War has consistently been on the the most requested (and bootlegged) Christian Metal reissues list because the songs are nothing less than lumbering beasts with monolithic slabs of rhythm guitar, and hooks that bring to mind 1980s Dio - especially his work with Black Sabbath during their Heaven & Hell era. Its literally impossible to listen to such epic tracks as The Cross, God In A Box, and Dark War and and not imagine how easily Xalt could have become the next MTV sensations right alongside Stryper, Judas Priest, and Dokken. Yes, Dark War is THAT good!

And, for almost 30 years its never been officially available in any format but cassette...until now! The official 2017 Retroactive Records, Dark War (Retroarchives Edition) features a complete remaster at the hands of Rob Colwell (Bombworks Sound), as well as 6 previously unreleased bonus demo tracks the band recorded in preparation for their Under the Ruins (1990) release on Pure Metal Records. We packaged this metal masterpiece in a 12 page booklet / jewel case with lyrics, including six pages of detailed liner notes and reflections from Xalt's elite axeman, James Erdman. This 500 unit CD pressing resurrects one of Christian Metals greatest moments. Enjoy!

## VINYL

**ADAMANTIS - Far Flung Realm LP+7" (NEW\*LIM.BLACK V.\*US POWER METAL\*BLIND GUARDIAN\*RUNNING WILD) - 23**

Cruz Del Sur Records 2021 - Brandnew European-inspired epic power metal from Massachusetts/USA ! Limited Edition Black Vinyl + 7" + Insert

The re-release of Adamantis universally hailed Far Flung Realm debut a timeless, majestic mix of power metal for fans of Blind Guardian, Gamma Ray and Running Wild!

Spawned by Helloween in the mid-1980s then carried throughout the ensuing decade by the likes of Angra, Blind Guardian, Gamma Ray and Stratovarius, European power metal is a style few can master. Essential ingredients include a soaring vocalist, dueling guitars, a battering ram of a rhythm section and, most importantly, songs that both engage and inspire.

It is rare when a young band displays such mastery of these skills, which is why Cruz Del Sur Music quickly swooped in and signed Massachusetts Adamantis barely a month after the self-release of their Far Flung Realm debut full-length for proper release in 2021.

**ASSASSIN - Holy Terror (NEW\*LIM.150 BLACK V.\*GER THRASH METAL DEMO 1986) - 17**

High Roller Records 2021 - Brandnew ltd 500, 150 x black, 150 x transparent blood red + 200 x white/ black splatter vinyl, insert, cover with inside out print

Hardcore thrashers insisting that Assassin's two early demos were superior to the re-recordings of the very same songs that ended up on the band's debut album The Upcoming Terror might have a point. When the first tape Holy Terror started to circulate at the beginning of 1986, it not only put Düsseldorf on the map of German extreme metal but was also an instant classic of Teutonic steel because the quintet married instinctive ferocity with an already impressive degree of musicality.

The audio was carefully restored and remastered by Patrick W. Engel at Temple of Disharmony Studio in August 2020 from the original tape source; High Roller's ultimate vinyl re-release is limited to 500 copies (200 white/black splatter, 150 black or transparent blood-red) and comes with inside-out printed sleeve plus inlay. Together with the second demo, it is also compiled on one CD as Holy Terror/ The Saga of Nemesis in a slipcase.

**ASSASSIN - Holy Terror (NEW\*LIM.150 RED V.\*GER THRASH METAL DEMO 1986) - 18**

High Roller Records 2021 - Brandnew ltd 500, 150 x black, 150 x transparent blood red + 200 x white/ black splatter vinyl, insert, cover with inside out print

Hardcore thrashers insisting that Assassin's two early demos were superior to the re-recordings of the very same songs that ended up on the band's debut album The Upcoming Terror might have a point. When the first tape Holy Terror started to circulate at the beginning of 1986, it not only put Düsseldorf on the map of German extreme metal but was also an instant classic of Teutonic steel because the quintet married instinctive ferocity with an already impressive degree of musicality.

The audio was carefully restored and remastered by Patrick W. Engel at Temple of Disharmony Studio in August 2020 from the original tape source; High Roller's ultimate vinyl re-release is limited to 500 copies (200 white/black splatter, 150 black or transparent blood-red) and comes with inside-out printed sleeve plus inlay. Together with the second demo, it is also compiled on one CD as Holy Terror/ The Saga of Nemesis in a slipcase.

Original tape transfer, audio restoration and mastering by Patrick W. Engel at TEMPLE OF DISHARMONY in August 2020.

Considering that The Saga of Nemesis came out in April 1986, meaning just about three months after Assassin's debut demo Holy Terror, the group had taken a big leap forward – not least regarding its production values, making the four songs plus intro an abrasion-proof set of thrash from a time when the German scene was maturing at a frantic pace.

## ABOUT THE ALBUM

Released in 1994, this album got sandwiched between trendy grunge rock and alternative hipsters that thought "metal" was a dirty word. Metal bands were having the life sucked out of them. "Hairband" was a derogatory term, and stars of the LA Strip scene were treated like an embarrassing drunk uncle. Despite the anti-metal sentiments, Barren Cross defied all odds and put out an epic classic metal/hard rock album on Rugged Records. That label folded and the album went out of print almost as soon as it was released. While their 80s albums were more polished power metal meets LA glam, Rattle Your Cage has a production that is somewhat raw and stripped down. It's special to hear the band ripping full-throttle bluesy hard rock with an ever so slight 1970s throw back sound reminiscent of Die Happy and Badlands. Though a couple tracks here sound like they could have easily fit on the State of Control era format, expect classic American-styled hard rock featuring one AOR anthem after another. Fully remastered by Bombworks Sound for CD and Vinyl these deluxe reissue are vastly improved with all new artwork by Scott Waters of NoLifeTilMetal. The vinyl record comes with a 12x12 full color lyrics insert.

For fans of Great White, Cinderella, Giant

### **BEWITCHER - Cursed Be Thy Kingdom (NEW\*LIM.BLACK V.+ CD\*BLACK/SPEED/HEAVY METAL) - 22**

Century Media Records 2021 – Brandnew limited black vinyl, poster, bonus CD

Fantastic Mix of NWOBHM, Heavy Metal, Speed Metal and Black Metal

BEWITCHER, a heavy metal hybrid from Portland, Oregon, made their pact with Lucifer years ago. Now, with their Century Media debut 'Cursed Be Thy Kingdom', BEWITCHER are ready to spread their irreverence across the world. Recorded at The Captain's Quarters in Ventura, California by Armand John Anthony (Night Demon) and mixed by Cameron Webb (Motörhead, Megadeth), 'Cursed Be Thy Kingdom' is a powerful heavy metal rock and roll record, forged in the incandescent fires of hell. BEWITCHER give their fans what they yearn for - clenched fists, breakneck riffs, pounding tempos and an attack that knows no mercy. While BEWITCHER give their loyal bangers what they need, songs like 'Mystifier (White Night City)' and 'Valley Of The Ravens' show that the band is expanding their sound and taking a more measured, haunted mid-tempo approach.

### **BJORN STIGSSON – Together with Friends (NEW\*LIM.200 COL. V.\*WHITE MELODIC METAL 1987\*LEVITICUS) - 39**

Roxx Records 2021 – Brandnew LIMITED EDITION - REMASTERED 2021 RELEASE - First time on 180g Random Color Vinyl

Remastered by Bombworks Sound - Updated cover art and new layout by No Life Til Metal

LIMITED TO 200 COPIES + sided insert - 180gram vinyl. Each vinyl varies in color.

Originally released in 1987 on Royal Music.

The classic album from Bjorn Stigsson (Leviticus / XT) is getting the full remaster treatment here. A much needed remaster that makes this classic album sound even better than the first time you heard it. Upgraded artwork and a brand new beautiful layout to boot.

Quite the Limited Edition package we have here, first time ever remastered and reissued. First time ever on 180g vinyl and in random colors. Each vinyl is unique and different. Limited to only 200 copies on audiophile vinyl.

Here is what Angelica Warlord had to say "Together With Friends stands the test of time as nothing less than a first-rate Christian hard rock album. When taking into consideration the quality of its songwriting in addition to the top-notch talent performing on it, I cannot help but think the album would have sold a million copies if given the same promotion as Stryper's To Hell With The Devil. (Just my opinion.) All around, I would rank Together With Friends a notch ahead of any Leviticus album, and, for all practical purposes, remains to this day the best project Stigsson has been association with.

Blackbeard - Jolly Roger Records 2021 - Brandnew limited Rerelease of this GER Speed/Thrash Metal Classic - EX - GRINDER !

Limited Edition of 100 copies in Brown Vinyl with Bonus Track - Raw Meat.

Originally released 1993 on Shark Records - perfect guitar sound, awesome double bass, great melodies - a must have !

Capricorn from Germany was formed in 1991 from the ashes of Grinder founded in 1985 in Frankfurt; they released in 1988 "Dawn for the Living" and in 1989 "Dead End" both on No Remorse label before joining Noise Records for "Nothing Is Sacred" (1991). Grinder separated because they lost their record-deal and the members did not find an agreement on the band's future. Capricorn line-up was: Adrian Hahn on bass and vocals, David Hofmann on guitar and Stefan Arnold on drums. They choose the monicker of Capricorn as the sound was both conceptually and stylistically far from Grinder. After a demo with six songs the band reached a record deal with Shark Records. On this label, the self-titled strong debut album was recorded in 1993 with producer Wolfgang Stach in the T&T studio, then the band toured Germany in 1994 with Grave Digger. In March 1995, T&T, sub-label of Noise Records, released the second powerful album entitled "Inferno". In Japan the album was released by Victor with the bonus track "Incredibly Ruined". Then the band split up and Stefan Arnold joined Grave Digger.

#### **CHAINBREÄKER – Relentless Night (LIM.300 BLACK V.\*RAZOR\*EXCITER\*STÄLKER\*EXODUS) - 17**

Headbangers Records /Big Bad Wolf Records 2021 - Only 300 pressed on pitch black vinyl + Insert

CHAINBREÄKER are back from the crypt with their second full-length straight from the witches' cauldron... 10 merciless tracks, drenched in old school speed and thrash metal with a touch of heavy and black/thrash will haunt you relentlessly through the night and will rip you to shreds! These maniacs from Austria are not trying to re-invent the wheel - they just make sure it keeps on turning, powering it with their youthful energy and enthusiasm. Raspy lead vocals with wild screams supported by effective backing vocals, razor-sharp guitars and killer drumming are the main ingredients here. This high-speed trip is marked by violence, bloodlust and human abyss of moral depravity. It's very likely to give you an impulse not only bang your head, but also to break into air drumming. While the most obvious point of reference is EXODUS with Paul Baloff, these songs will surely please all fans of early RAZOR, EXCITER, SLAYER, VULTURE (Ger.), RANGER, STÄLKER, SODOM, early KREATOR, DESTRUCTION, ANTICHRIST (Swe.) and EVIL INVADERS

- Second full-length album of these Austrian thrash/speed maniacs with perfect old school metal sound.
- The band has played many shows and festivals in Austria, Germany, Czech Republic and Slovenia, including supporting Testament and Jag Panzer on their tours.
- Cover art by Velio Josto (Vulture, Enforcer, Ostrogoth, Riot, Toxikull, Toledo Steel, Aggressive Perfector, Bulldozing Bastard, Warsenal...).
- For fans of: (early) Exodus, Razor, Exciter, (early) Slayer, Vulture (Ger.), Ranger, Stalker, Sodom, (early) Kreator, Destruction, Antichrist (Swe.), Evil Invaders

#### **CIRITH UNGOL - Half Past Human (NEW\*LIM. BLACK V.\*US METAL FORGOTTEN GEMS) - 20**

Metal Blade Records 2021 – Brandnew limited black vinyl, Insert, Poster, Download-Card

Following the release of Cirith Ungol's triumphant reunion album Forever Black in April 2020. As time stood still, the band dug deep into their archival crypts and pulled back the veil of history to uncover long-forgotten gems from their storied past. In doing so, the band has exhumed four songs that were written in a bygone era but were never recorded as part of their fabled discography. Cirith Ungol brushed the dust off these precious relics and brought long-dead powers back to life. Each song has been reinterpreted for the present day and given a fresh dose of power and vitality, while the mysticism characteristic of the band has been retained and is still soaked in dark, apocalyptic energy. Taken under the watchful eye of producer Armand John Anthony (Night Demon / Bewitcher / Gygax) in the darkness of 2020, Half Past Human promises to become a valuable addition to the music collection of the loyal legions of Cirith Ungol. Traditionally, the package is completed with stunning cover artwork by acclaimed fantasy artist Michael Whelan, who also designed the original Elric series.

FOR FANS OF; Triumph, Judas Priest, Angel, Rush, Saga, Rainbow & Deep Purple.

This cult '80s Canadian band finally re-released on vinyl! An excellent opportunity to get this rare classic. Released in 1985, CENTURY represents a perfect example of a successful mix between heavy metal, hard rock, prog and AOR. The original edition is among the rarest in what Canadian metal is concerned, with copies being sold for more than 200 EUR! This version brings the final mix of the album, conducted after the actual vinyl release in 1985. The sound is improved and represents the initial concept Dan Jefferies desired for the album. More than reasons to not miss this opportunity to add this extraordinary album to your collection.

- First ever Vinyl release of this classic D album

- Remastered for Vinyl by Rob Colwell of Bombworks Sound
- Includes 24x24 poster with the Vinyl, plus a 12x12 lyrics insert
- Black deluxe poly-liner inner sleeve
- Includes the classic Black Sabbath track. "After Forever"

Originally released in 1991, Deliverance's third album is a thrash masterpiece along the lines of S.O.D., M.O.D., Sacred Reich, and Death Angel. Few are free from their lyrical mockery, be it profiteering doomsday preachers, goofy fundamentalists who hate metal because of the sound, skeptics/atheists, the Roman Catholic church, American politicians, or even the whole of American society. Naturally, they've opted to mock just about every type of person who wouldn't likely be at one of their live performances, so the approach is a tad safe, though nevertheless eloquent and effective when compared to much of the marble-mouthed rambling that can infect politically charged or humor-based thrash lyrics. This album resulted in some of the most unique and interesting work in the band's catalog. Where before the songs were all serious subject matter and thrash played to perfection, What a Joke saw the band taking themselves and their music a bit less seriously, showing the fun side of metal and taking on topics that could be handled with more humor and still get the message across. Classics like It's the Beat and Purgatory Sandwich With Mustard see Jimmy and company tackling topics other bands may have seen as taboo, thus, this album remains an important piece in the Deliverance catalog. The vinyl is packed with a 24x24 poster, 12x12 lyrics insert, and a black poly-lined inner sleeve.

For fans of classic, elite thrash ala Metallica, Slayer, Suicidal Tendencies, and M.O.D.

### **DELIVERANCE - Stay of Execution (NEW\*LIM.180gr. BLACK V.\*US WHITE SPEED/THRASH METAL '92) - 35**

Retroactive Records 2021 - Brandnew US White Speed / Thrash Metal Classic - their 4th Album from 1992 !

Limited 180gr Repress – limited to 200 copies only – BLACK Vinyl

- 200 Unit Pressing

- Black vinyl

- Black poly-lined sleeve

- Remastered for Vinyl

Some monumental progressive thrash that delivers a multitude of metallic fury in exquisite fashion. Stay of Execution launched the band one step towards the era that would be known as the creative years, while maintaining the epic metal sound that fans expected. The hooks, the riffs, the lyrics all took fans by surprise. We had never heard such artistic thrashing before, and boy, did Stay of Execution hit the spot!

Formed in 1985 in Southern California, Deliverance was one of the earliest speed metal bands on the scene to be overtly singing about Christian ideology. Their self-titled album and the follow-up Weapons of our Warfare are considered classics of the speed metal genre. Their third album titled What A Joke featured several short joke songs, several very cool cover songs, and lots of epic thrashing..

Stay of Execution was the fourth album from Deliverance and featured a new line-up. Replacing guitarist George Ochoa is shredder Mike Phillips. Bassist Mike Grato (ex-Recon) is on board for part of the writing and recording but is replaced by original bassist Brian Khairullah. Stay... marks a return to form, even if it strays from the strict speed metal definition

This album features more focused song-writing and avoids the silliness of What A Joke. It's also slightly more technical and melodic than any of their past albums. The music is driven by some big, killer riffs given life by a beefy Mesa Boogie guitar tone. The album introduced us to Jimmy Brown's new "David Bowie" vocal style. "Ramming Speed" is a killer, SLOW and plodding song! (Ironic title, huh?) "Entombed" is a full on speed metal onslaught. "Stay of Execution" is still one of the best Deliverance songs ever - featuring a huge riff and even bigger hook. The remix of "Weapons" was an attempt by the original record label to keep the MTV music video alive.

### **DERANGED - Place Of Torment (NEW\*LIM.500 BLACK V.\*CAN THRASH METAL 1989) - 24**

Supreme Echo Records 2021 – Brandnew CAN Import - Ferocious Canadian Death / Thrash Metal – Limited to 500 copies. Includes a generous 16 page booklet with interview, flyers, art, photographs & lyrics.

Maybe it's the most extreme thrash records ever!

For Fans of Morbid Saint's Spectrum of Deathor Hypnosia's Violent Instensity, Merciless, Num Skull

After the first wave of extreme metal in Victoria, BC, Deranged unexpectedly emerged and literally cleared the playing field. Taking their influences directly from the tape trading underground, their openness towards new and extreme sub-genres led to a potent hybrid of death/thrash metal. Their second demo "Place Of Torment" heralded massive progression and rave reviews; it is that which we focus on. All four songs were transferred from original 16 track analogue masters at the legendary Fiasco Bros studio, remixed by critically acclaimed engineer Kurt Ballou at GodCity, mastered by Audu Obaje at WE2, and finally cut at 45 rpm for highest fidelity. This flawless masterpiece stands tall next to any worldwide contemporary and would have been huge had they received a record deal in the 80s.

**Limited to 300 numbered copies, including new vinyl mastering done at "Fine tune Studio's" Soest, for the best vinyl sound!**

**4 pages full color insert, unseen pictures from the "lost sessions"& live pictures from the "lost period", lyrics and stunning artwork,**

**Lost marks the end of an era for Dutch melodic metal band Elogy, as it is the last album featuring Eduard Hovinga on vocals.**

**Unlike the first two albums, Lost maintains a more focused approach to songwriting, as it hardly strays from their determined speed metal aesthetic with touches of symphonic keyboards, face-ripping guitar attacks, and stratospheric vocals. Hovinga continues to sing in his typical John Arch-inspired screams, except for the album's ballad of course. Though he doesn't quite get to the excellence of Arch, he fills the choruses of tunes like the title track, "Everything", and "Crossed the Line" with gripping melodies. His harmonies have more staying power this time around, and he also plays some guitar on "Under Gods Naked Eye", the ballad of the album.**

Former Hiram and Heretic guitarist Glenn Rogers has relaunched his old band Final Decree. The new line-up features the return of Ruthless singer Sammy De John, and ex-Hiram bandmate, drummer Jorge Iacobellis. To complete the line-up Glenn looked up a long time friend, former Steel Vengeance bassist Cesar Ceregatti. The band has recorded their debut single "Dark Before The Dawn" for Headbangers Records / Big Bad Wolf Records out of the Netherlands.

**FULL MOON – Night Class (NEW\*LIM.300 SILVER MOON V.\*US 70’s HARD ROCK\*JUDAS PRIEST) - 23**  
Shadow Kingdom Records 2021 – Brandnew US Direct Import – US 70’s Hard Rock - Limited to 300 - ORIGINAL TRACKS ONLY – Silver Moon Colored Vinyl + thick 4 page LP Booklet  
Brandnew long-overdue reissue of the lone cult-classic album of Pennsylvania’s FULL MOON, Night Calls For Fans of ‘70s Scorpions, Thin Lizzy, Wishbone Ash, Pagan Altar and especially early Judas Priest Formed in 1974 by brothers and guitarists John and Joseph Fischer in the small town of Hummelstown, Pennsylvania, the legend of FULL MOON would echo long after their untimely breakup in 1984. The band would release only one album, Full Moon, in 1980 and a successive two-song 7” in 1982; both records were private-press regional releases, and have been extremely difficult to track down for decades. But more than the scarcity of their recordings (and the inflated collectors' prices for them), what truly put FULL MOON into the category of “cult legends” was the music itself: moody, narrative, and incredibly dynamic hard rock that leaned strongly into early heavy metal. To hear FULL MOON now is a revelation, and fans of ‘70s Scorpions, Thin Lizzy, Wishbone Ash, and especially early Judas Priest are strongly encouraged to lend their ears to this legend.  
Hereby is SHADOW KINGDOM incredibly honored to reissue FULL MOON’s self-titled album in its entirety, now renamed Night Calls. A majestic seven-song work, Night Calls evokes an otherworldly mysticism like no other. It’s hard-rocking, to be sure, but the weight of its “heaviness” comes not from overdriven decibels or accelerated tempos, but rather from the deft, unusually gentle feel the brothers Fischer and their bandmates, bassist Joe Wilhelm and drummer Kyle Alan Hetzel, employ across its epic narratives; each one will take you someplace special, someplace far beyond reality, but ever welcoming wherever it goes. Even more startling to behold is the fact that the entirety of the album was written and recorded when the average age of FULL MOON’s members was but 19! Preternaturally mature, FULL MOON also recorded the whole album at the Marietta Theater – the oldest one in the state of Pennsylvania, and one of the oldest in the United States – with the band set up where the movie screen and pit was located while the “control room” was in the projection room at the top of the theater. The band also played all tracks live, essentially, with very few overdubs. Hearing is most definitely BELIEVING!

**HAVEN - III (NEW\*LIM.200 BLACK V.\*US WHITE METAL\*RECON\*SACRED WARRIOR) - 40**

Retroactive Records 2021 – Brandnew fantastic US White Metal in a limited Edition of 200 copies in Black Vinyl For fans of Sacred Warrior, Iron Maiden, Recon, Queensryche!

- First time ever on vinyl!
- Heavy-weight 180-Gram collectors vinyl
- Remastered for vinyl (Bombworks Sound)
- Includes 12x12 lyrics insert and pics
- Part of the elite Limited Run Vinyl series
- Limited to just 200 copies Black Vinyl

Originally released by the band independently in 1995, four years after the sophomore release, Age of Darkness. The album was pieced together by golden throat vocalist, Kevin Ayers as various members of the band were available over the four year period. Also, gone are the million dollar studios and producers that recorded the first two Haven classics. Haven III was recorded on Kevin's home recording studio in his garage in the 90s! In the words of the Supreme Metal Historian, Scott Waters (Ultimatum), Despite the four years between releases, the music has not changed dramatically. As with past albums, however, the lyrics are awesome, although they are a bit more praise oriented rather than some of the more social lyrics of the past. With many tracks clocking in at 6-7 minutes, you know you are in for a tremendous melodic, progressive power metal adventure! This Retroactive Records reissue has been carefully mastered for vinyl by veteran, Rob Colwell (Bombworks Sound), pressed on

collector-quality heavy-weight vinyl, and comes with a 12x12 insert with lyrics. For fans of Sacred Warrior, Iron Maiden, Recon, Queensryche!

**Svart Records 2021 - Brandnew Occult Rock / Metal from Finland - Limited poisonous green vinyl Edition**

**For Fans of Blood Ceremony, The Devil's Blood, Roky Ericksson, Jex Thoth**

**The Savonian occult rock behemoth Jess and The Ancient Ones have emerged with a new album! Their brand of heavy guitar and organ-led swagger has progressed from the twin guitar metal blast of yesteryear to Jess and The Ancient Ones' very own take on soulful late sixties garage psychedelia. Titled Vertigo, the new record is set for release on Svart Records on May 21st this year with a foreboding sound of lysergic doom.**

**What began on the previous record, 'The Horse & Other Weird Tales' is taken further and deeper, towards a conclusion on Vertigo. Songwriter and guitarist Thomas Corpse comments, "To me this album sounds like a dark horse – a brother to the previous album. There's a strange ominous feeling that hovers upon the entire album, maybe it's the feeling of nostalgia that's arising from the lyrics."**

**Wrapped in a crude tornado-adorned old school sleeve, the album's eight tracks bubble in a boiling cauldron of vintage pop culture influence and occult-tinged paranoia. Ranging from the softly fiery opening track 'Burning of The Velvet Fires' to the almost heavy metal-ish nihilistic banger 'Born To Kill', Vertigo is a spiraling journey of heavy Finnish psych rock at its finest.**

**LORD VICAR - The Black Powder (NEW\*LIM.400 CLEAR V.\*DOOM METAL\*COUNT RAVEN\*B.SABBATH\*R.BIZARRE) - 31**  
Svart Records2021 - Brandnew traditional Doom Metal - 4th Album ! Clear vinyl edition, limited to 400 pcs. Gatefold double lp with silver foil blocking and a booklet. First time on vinyl!  
For Fans of Reverend Bizarre, Black Sabbath (Ozzy - period), Saint Vitus, Witchfinder General or Count Raven  
As with previous efforts, the musicianship is as tight and vibrant as ever. Kimi Karki's guitar tone remains one of the best in doom, domineering over all with a watery cadence that lends itself well to both melodic flourishes and crushing chords. The vocals also manage to deliver in Chritus' typical Ozzy-esque fashion. There are times where they come off rather haggard, particularly when the more distorted layering is applied, but they show a fair amount of dexterity throughout.  
If The Black Powder isn't the best Lord Vicar album overall, then it's at least their strongest since their 2008 debut, The Black Powder is the fourth album from Lord Vicar. It was, like the previous album Gates of Flesh, recorded by audio wizard Joona Lukala at Noise for Fiction studio in Turku, Finland. The studio has the benefit of a huge live room which gave the band the opportunity to capture a sound that breathes with the ambience of the space, but maintains the sonic weight for which they are rightly known.  
This album is a return to longer form, and even more progressive song structures, but the punchier material is also provided with merciless precision, as well as soothing acoustic moments. The songwriting duties are shared by Kimi and Gareth, also Chritus providing lyrical output.  
The album contains a loose lyrical concept relating to mankind's endless lack of reason and weakness of stability, resulting to violence, war, manipulation of children, and numbing our minds in order to shut out the horror that is the reality we live in. We blow the black lines to feel good. This takes place generation after generation, in an endless cycle of standing and falling. Musically and lyrically the album covers a wide spectrum of textures from the all out punky attack of 'The Temple in the Bedrock', fragile beauty of 'Nightmare', to the oppressive menace of the more intense moments of 'Sulphur, Charcoal and Saltpetre'. This album is a grower, meant to be listened repeatedly, full of subtle details that reveal themselves with each subsequent listen.

More often than not, certain releases go unnoticed. Music collectors end up not having a clear idea of how the music in its interior represents an historical landmark.

We proudly bring you LUST, the first band of Keith Deen (vocalist for HOLY TERROR, who sadly left us in 2012). Keith, together with riff-master Austin Carrino, left a musical legacy with LUST that transports us to what we can call 'the first wave of Hollywood Metal'. That's right! They were in the earthquake's epicenter, so to speak, even before QUIET RIOT, MÖTLEY CRÛE, etc...

Jolly Roger / Blackbeard Records 2021 - Brandnew SWE Epic Doom Metal Masterpiece 2000 - Lim. Black Vinyl + Insert  
For Fans of Trouble, Solitude Aeternus, Candlemass, Black Sabbath

Taking their name from a classic song released by American doom titans Trouble, Sweden's Memory Garden took their doom history quite seriously, infusing their music with references both to genre icons like Black Sabbath, Candlemass, Solitude Aeternus, and Trouble, both to newer bands of the time like Swedish Memento Mori. After their first demo (1993) and the 7" vinyl "Blessed are the Dead" (1994), it didn't take long to land a deal with local indie label Heathendoom, for the release of 1995's "Forever" Ep, and the following year's surprisingly mature "Tides" Cd. Both were recorded at Fredman Studios with Fredrik Norman and were very well received among fans and press in Europe. In 1996 Abstract Algebra guitarist Simon Johansson joined the band. Soon after the release of "Tides", Memory Garden were contacted and signed by Metal Blade Records, recording "Verdict of Posterity" (1998) at XTC Studios together with Mike Wead (King Diamond, Mercyful Fate, Hexenhaus, Memento Mori,...) handling the production duties. Memory Garden followed up their first Metal Blade release with shows around Scandinavia and summer festivals including the mighty Wacken Open Air in Germany during the summer of 1999. Memory Garden entered their own studio "Annoying Sound Factory" in February 2000 with Mike Wead once again in the producer's chair. The result of their work was the ten-song masterpiece "Mirage". Memory Garden took their music back to their roots and made an even heavier and darker album than "Verdict of Posterity". The band supported the release of "Mirage" by playing shows and festivals across Europe, including a gig at the Sweden Rock festival. For their following album the band chose to work once again with long time friend and producer Mike Wead: "Carnage Carnival" was released in 2008 through Vic Records followed by numerous festivals around Europe. Around this time some changes in the line-up appeared and Vic Records also released on Cd re-issue (2009) of the long sold out first album "Tides" re-mastered by Mike Wead. In November 2012, new album "Doomain" came into mixing state, handled by the mighty Dan Swanö at Unisoundnine, released in 2013 once again under the Metal Blade Records flag.

#### **METAL MASSACRE XIV – Sampler (NEW\*LIM.200 NIGHT BLUE MARBLED\*MIDNIGHT DICE\*SMOULDER)**

Metal Blade Records 2021 – Brandnew limited night blue marbled vinyl, ltd 200, download card, In 1982, Metal Blade Records put out its first release: Metal Massacre, a compilation album that included Metallica, Ratt, and many other influential artists. Now, Metal Blade will be releasing Metal Massacre XV on May 21st - and continuing the legacy of the first album - the collection will once again contain a sampling of contemporary heavy metal, curated by Decibel Magazine's Albert Mudrian.

Ryan Williams (Metal Blade Records A&R), who coordinated this installment of Metal Massacre, comments: "The legend of the 'Metal Massacre' series is the first thing many people think of when they hear 'Metal Blade Records'. Famously, it's how Brian Slagel introduced the world to Metallica - not to mention many up-and-coming bands throughout the 80s, 90s and 2000s. When Metal Blade's President Tracy Vera suggested I organize the next volume, I was honored to pick up the baton and run with it. While brainstorming about the direction to take, Nikki Law (our Head of Publicity) suggested partnering with Albert at Decibel Magazine, who is legendary in his own right for having a perpetual ear-to-the-ground of the deepest corners of the underground metal scene. Luckily it didn't take any arm twisting for Albert to be a part of the team on this the 15th edition, so we went to work looking for awesome bands to work with, and I think we have put together a distinct collection of bands and songs. We tried to stay true to the old school mentality of making a compilation tape for your friends, featuring bands you really just want other people to check out. This edition includes a diverse collection of metal acts, heavy hitters, modern, and old school tunes - so hopefully there is something for everyone here! Turn it up and enjoy!"

Albert Mudrian (Decibel Magazine Editor in Chief) adds: "It was an extreme honor to be called upon to help curate an installment of the truly transformative 'Metal Massacre' series. Rather than concentrate on one particular era or style, I dutifully attempted to bring the best sub-genres metal has produced over the past 40 years into a cohesive portrait of what today's underground metal scene faithfully represents. May it and 'Metal Massacre' forever reign."

**MISTREATER - Hell's Fire (NEW\*LIM.500 BLACK V.\*US DOOM METAL 1981\*BLACK SABATH) - 22**

On The Dole Records 2021 – Brandnew Deluxe gatefold sleeve includes extensive linernotes, printed innersleeve, rare photos and remastered sound.

If Black Sabbath had been born and bred in an Ohio mobile home and raised on a steady diet of smoke and acid - the result would sound exactly like Mistreater

In 1981 the group independently recorded and released the “Hell’s Fire” album. Today the album is considered a US metal classic and is considered one of the strongest metal albums ever made by metal aficionados - original copies are hard to find and there’s a hefty price tag if you’re lucky enough to find a copy for sale.

Mistreater are from Creston (population 2000) and were far outside everything and everybody associated with the “hip” music scene in Ohio. Mistreater either didn’t know or care about the scene in nearby Cleveland where bands like proto-punk rockers Electric Eels, Rocket From The Tombs and Styrenes made waves. Pere Ubu and Dead Boys sprang from these roots. The Pagans ruled the Cleveland area during the punk days. Earlier, The Choir, Raspberries and The James Gang were pivotal Cleveland bands. As local audiences were receptive, the city was a major stop-off for touring bands. Similarly, radio station WMMS also had open ears. Nowadays, The Rock & Roll Hall Of Fame is located in Cleveland. It goes on – Cleveland and its surroundings were happening. Mistreater was into none of this... Their music was by outsiders for outsiders. More brutal, raw and louder than everyone else. Rough-edged and without gloss, the Mistreater of Hell’s Fire was not aiming for the mainstream. The riffs are stoner hard knock-outs and the guitar leads are psyched out punches rooted in heavy psychedelia.

Sweden’s On The Dole Records are proud to present the first ever reissue of “Hell’s Fire”. And in true OTD fashion no expenses were saved. The band was interviewed for the extensive liner notes, rare photos were found, the sound is remastered and carefully restored, and the non album single b-side “Baby Blue” is added as a bonus. This is a US metal / D.I.Y masterpiece that should be heard by everyone into hard, loud music and massive guitar riffs. It’s like Greg Sage of The Wipers had gone metal. It would have been the ultimate soundtrack to Tim Hunter’s “River’s Edge” movie with Dennis Hopper. Mistreater were young and had no contacts or knew ways to reach out with their music back then... Now the time has come for the resurrection of Mistreater.

Mistreater is not in the nearby Rock’n’roll Hall Of Fame in Cleveland. But they should be. This OTD reissue goes to prove it.

RELICS FROM THE CRYPT 2021 - Brandnew GER Heavy Metal Classic Rerelease from 1983 – Limited edition on black vinyl, with insert, poster, sticker, post card, download code.

For Fans of Accept, UDO, Vampyr, Trance or Living Death

Originally released in 1986 on the short-lived Steps Records, Bursting Out (The Beast Became Human) was the first recorded statement of Germany’s MP. As such, it retains all the electricity and urgency of youth. It also upholds Germany’s rich heritage of heavy metal, which spanned the early hot-rockin’ throes of post-NWOBHM to the nascent rumblings of speed metal and its subsequent thrash offshoot, and of course the more mainstream stylings which lingered across all those idioms. It was still the 1980s, after all, and “heavy metal” as both a term and especially a musical style & subculture had yet to be too finely locked into boundaries. And with a complete lack of self-consciousness and, in its stead, an abundance of enthusiasm and energy, MP ably crisscrossed all these metals on their debut album, Bursting Out (The Beast Became Human).

Night's fourth album 'High Tides - Distant Skies contains nine new tracks of classic sounding rock music. The album follow the band's critically acclaimed album Raft of the World. If their last album was darker and had a strong proto-metal niche, the album has much wider influences and a More is More approach. The album is built upon rhythm and melodies, and Oskar Andersson now shares the position as lead vocalist with Sammy Ouirra.

**ORODRUIN – Epicurean Mass (NEW\*LIM.BLACK V\*US DOOM METAL CLASSIC 2003) - 19**

**Cruz del Sur Records 2021 - Brandnew for the first time on Vinyl – US DOOM Metal Killer from 2003**

**Very Limited Edition on Black Vinyl ! For Fans of Black Sabbath + Saint Vitus**

**Orodruin's 2003 Epicurean Mass debut was a harbinger of things to come. So formidable that it took the band 16 years to release its Ruins of Eternity follow-up, Epicurean Mass paved the way for a resurgence in mournful, riff-laden Black Sabbath and Saint Vitus-styled doom. Doom was taken back to its earnest, dark roots, casting aside the occasional pomp and image-first angle that was emanating across the ocean. Eighteen years after its release, Epicurean Mass is finally getting the vinyl treatment as part of a benefit for stricken Solstice guitarist Rich Walker.**

**Recorded at The Space Recording Studio in Ontario, New York from May to June 2002, the original Orodruin lineup — Mike Puleo (vocals/bass), Mike Waske (drums), John Gallo (guitar/organ) and Nick Tydelski (guitar) — created eight weathered, churning, ultra-heavy songs that brimmed with atmosphere. In an ode to Epicurean Mass's many memorable song titles, Gallo remembers the album as being "pierced together by cruel winds of war cries and peasants' laments, as the mounting feast erupted, we paid our dues to the lords of doom and are forever grateful for the wisdom we gained!" The experience, as Gallo recalls nearly 20 years after the fact, was also "magical and new." Epicurean Mass fast-tracked Orodruin onto the global doom scene. The album's original February 7, 2003 release on PsycheDOOMelic Records was followed by the band's live debut at their own Born Too Late festival that also featured the likes of Penance, Revelation, While Heaven Wept, Pale Divine, The Gates of Slumber, Unearthly Trance and**

Soulpreacher. A United States tour with The Prophecy and Mourning Beloveth followed, and, in 2004, Orodruin made their first European trek in support of Penance.

The vinyl re-release of Epicurean Mass holds a special distinction for Gallo and his bandmates. Rich Walker was one of the band's staunchest supporters — going out of his way to name-drop Orodruin whenever he could. This is a very limited re-release — doom-mongers old and new would be wise to not let this one slip by!

#### **PALE DIVINE – Cemetery Earth (NEW\*LIM.BLACK DLP\*US DOOM METAL CLASSIC) - 25**

Cruz del Sur Records 2021 - Brandnew for the first time on Vinyl – US DOOM Metal Killer from 2007

Limited Edition on Black Vinyl DLP - For Fans of Trouble, Manilla Road, Place of Skulls, Beelzebuzz, Pentagonam, Black Hole

By 2007, Pale Divine had released two full-lengths, 2001's Thunder Perfect Mind and 2004's Eternity Revealed. While both were well-received due to Pale Divine's earnest, authentic and time-honored brand of 1970s-inspired doom, the band felt their best work still lay ahead of them. When Pale Divine entered Polar Bear Lair in Middletown, Maryland in 2006 with producer/engineer Chris Kozlowski, they had created ten songs (including a brief instrumental) that were immense and epic in proportion. With the near-11-minute title track serving as the anchor, Cemetery Earth proved that traditional doom could be taken to new, unforeseen heights. Fourteen years after its original release, Cruz Del Sur Music is proud to present the vinyl version of Cemetery Earth.

The vinyl re-release of Cemetery Earth is part of a multi-faceted fundraiser for stricken Solstice guitarist Rich Walker. Walker was one of Pale Divine's earliest supporters. The influential English doom musician took to the band after hearing their Crimson Tears demo. Walker thought highly enough of Pale Divine to stick them on his Miskatonic Foundation At the Mountains of Madness compilation, helping spread the band's name overseas. From there, the two parties formed a mutual admiration that has now spanned nearly 25 years.

The cuts on Cemetery Earth continue to endure for both the band and fans. Album tracks like "I Alone (the Traveller)," "Cemetery Earth" and "Soul Searching" are live staples, while "The Conqueror Worm" (taken from an Edgar Allen Poe poem of the same name) was added to their set in 2018 while on tour with Apostle of Solitude. According to drummer Darin McCloskey, Cemetery Earth remains one of Pale Divine's most "focused" efforts, but it's also an album the band holds near and dear because of the memories they shared while recording.

In the here and now, though, the re-release of Cemetery Earth is for a good cause — a portion of album sales will go to help Walker with medical costs. It's also a mandatory purchase that sounds even doomier on vinyl. Just the way Pale Divine originally intended...

#### **PARADOXX - Plan of Attak - The Complete Worxx (NEW\*LIM.180gr BLACK V.\*US METAL '85) - 22**

No Remorse Records 2021 – Brandnew limited Release of an US Metal Classic Gem ! Limited 180gr black vinyl, including a 4-page insert with new liner notes by John Dobbs, lyrics and photos.

Paradoxx's mini-album "Plan Of Attak" is one of the rarest heavy metal releases. It was pressed in 1985 and it is rumored that only a few surviving copies exist, handed out to press and friends of the band. Over the years, this release became the Holy Grail of US metal for collectors all over the world. Paradoxx continued performing live for a few more years, and a few more songs were recorded besides the four tracks of the original EP release. Those tracks are included in the first official vinyl reissue supervised by the Paradoxx founder and guitarist John Dobbs, who finally offered to the metal world THE COMPLETE WORXX of one of the most wanted reissues in the history of underground metal.

#### **PENANCE - Parallel Corners (NEW\*LIM. BLACK DLP\*US DOOM CLASSIC\*TROUBLE\*THE OBSESSED) - 27**

Svart Records 2021 - Brandnew limited Black DLP – Gatefold Cover - for the first time on Vinyl

US Doom Metal Classic for Fans of Spiritual Beggars, Trouble, The Obsessed, Crowbar, early Cathedral

The stoner influence is most visible in the crushingly heavy guitars (there is a fine line between doom and stoner sounds in this area of instrumentation), the catchy and well constructed bass and lastly, the clean vocals which typically express themes of despair, which you'd expect in a genre called 'doom'.

Released in 1994 and not only considered one of the classics of 1990s traditional Doom Metal, many fans consider "Parallel Corners" to be Penance's finest album. The first ever vinyl release of this nearly forgotten doom-metal gem is a lush double LP gatefold with brand new artwork and insert with a photo collage and liner notes. A worthy addition to complete any Doom-mongers vinyl treasury, make sure you lay your hands on this heavy slab of metal history.

Old-school heavy metal that taps into Manilla Road, Brocas Helm, Candlemass, Bathory and Pagan Altar!

On their debut Sacrifice Doth Call five-song mini-album, the U.K.'s Phaëthon carry the torch for classic, epic heavy metal!

Phaëthon vocalist/guitarist/keyboardist Vraath found himself isolated and out of excuses this was the time to start the metal band he always envisioned. He had been gathering riffs and ideas for nearly 20 years but never had the right opportunity to unleash them upon the metal world. There was always something standing in the way other bands, real-life and his relentless drive for perfection.

Holed up in his home studio in London, Vraath (who originally hails from Finland) spent countless hours every day going through his old ideas. Soon, full-bodied, fleshed-out songs started to form. He started working on his vocals, convinced there was no one else worthy to sing these songs. His co-conspirator, bassist Aees, laid down his tracks in Greece. Drummer Herr Berthelsen recorded session drums.

ABOUT THE ALBUM - #7 on Top 100 Christian Metal Albums of All-Time

Obsessions was meant to be released on vinyl. It's big, huge guitars and soaring vocals were always meant to be heard on vinyl. Until now, it was one of the Music God's greatest injustice. Sacred Warrior's fourth release Obsessions (1991)

was the culmination of four great years of work. To quote Jonathan “Doc” Swank from the Heaven’s Metal Top 100 Christian Metal Albums Of All-Time list – where Obsessions ranked #7 “Christendom’s best power metal band ever hit their high-water mark with this collection of songs which perfectly blended Queensrÿche, Iron Maiden and their unique and inspiring take on the scene.” One of the greatest aspects of this album remains just how real and visceral are the music and the words conveyed through this metal. The over-arching thread was the faithfulness of God – that no matter how bad life gets with addictions (“Obsessions”), no matter what death steals from us in this world (“Sweet Memories”), no matter how far we stray in our faith (“No Turning Back”), no matter how much the world’s ways seem wise to us (“Kamikaze”), no matter how isolated we feel from God because of our sins (“Remember Me”) – that God is faithful, and God is there for us (“Fire From Heaven”). And while evil roams this earth constantly looking for prey (“Mad Man”) the hope and faith we have in Christ sets us free (“Temples On Fire”).

What a dynamic album that breaks it all down in such a simple and human way. This progressive metal soundtrack to these eternal observations is both exceptionally executed and timelessly relevant. Undisputedly, one of the finest moments in Christian metal history, Obsessions has been gloriously remastered and while many fans might not believe much else could be added to this album to make it better from an audio standpoint, Rob Colwell of Bombworks Sound has managed to add a sonic crispness and punch that makes the walls reverberate. Most importantly, the “bright” quality of the music is liberated on vinyl. These metallic anthems have retained their power and relevance for nearly 30 years – a testament to the legacy of Sacred Warrior – and now they sound wonderfully fresh and revitalized in 2019! The 2019 Retroactive Records 180 Gram Vinyl, Black Vinyl Repress- Limited Run Vinyl series. This is THE definitive Vinyl reissue of one of Christian metal’s most definitive albums.

### **SANDSTORM – Desert Warrior (NEW\*LIM.400 BLACK V.\*CAN METAL\*PRIEST\*TRAVELER\*MANOWAR) - 17**

Dying Victims Productions 2021 - Brandnew limited 400 copies Regular edition on black vinyl, with insert, poster, post card, sticker, download code.

Killer classic Heavy Metal from CANADA for Fans of early Judas Priest, Traveler, early Manowar, UFO, Accept Dying Victims, It was but the spring of 2020 when DYING VICTIMS unleashed SANDSTORMs debut album, Time to Strike, onto the worldwide metal scene. Prior to that, the Vancouver-based band had self-released the album in early 2019, and while the initial run sold out quickly, it remained a diamond in the rough. But indeed, diamonds shine regardless, and soon enough did Time to Strikes gleam reach all corners of the globe: here was glorious (and gloriously scrappy) pre-speed/thrash HEAVY METAL in the literally ancient, sword-wielding style so favored in the early 80s, rendered in such authentic (and authentically over-the-top) style, youd be forgiven for thinking that this was some unearthed relic from the era. Word spread, and rightly, that SANDSTORM were the Real Deal. And now, with the imminent release of Desert Warrior, SANDSTORM prove loudly that they are the REAL fucking DEAL! A swift-yet-generous record at 21 minutes, the four songs comprising Desert Warrior are thematically unified by classic late 60s / early 70s sci-fi tropes, and the power-trio suitably keep the focus

Dying Victims 2021 - Brandnew limited 400 black vinyl, insert, poster, sticker, post card, download code  
For Fans of Loudness, Anthem or Judas Priest with high pitched Vocals

Hailing from Japan, SIGNIFICANT POINT was formed by guitarists Kazuki Kuwagaki and Gou Takeuchi in March 2011. Holding high the banner of old-school speed/heavy metal, they started playing live shows in Tokyo. Through a lot of member changes, SIGNIFICANT POINT released their first demo, Attacker!, in 2014 and the Live at Tokyo CD in 2017. In 2018, the two-song EP Attacker was released on 7 vinyl by Frances Inferno Records, and it received a good reaction in the underground scene. Itormentor (drums) and Kazuhiro Watanabe (bass) joined in 2016 and 2018, respectively, and the current lineup of SIGNIFICANT POINT was at last finalized. In 2019, they started recording their first album. With great help from George Itoh (Risingfall / Military Shadow), it was completed in September 2020 after a year and a half of effort. Fittingly bearing the title Into the Storm, SIGNIFICANT POINT's debut album is indeed a monsoon of heavy metal mayhem, spanning traditional and epic styles to speed metal and even early power metal. The band live and breathe heavy metal in all its...

**SOLSTICE - To Sol A Thane (NEW\*LIM.200 WHITE VINYL\*UK EPIC / DOOM METAL) - 17**

High Roller Records2021 – Brandnew limited 200 x WHITE vinyl, poster

UK Epic / Doom Metal Killer

Mastered for vinyl by Patrick W. Engel at TEMPLE OF DISHARMONY in October 2020.

Nowadays, it's not much to write home about when any given band spreads a handful of their most recent demo recordings, yet epic metal stalwarts Solstice did not fail to raise eyebrows when they did just that with “To Sol A Thane” in 2016.

Boasting a sound that others can only dream of regarding their own official albums, the EP sports early cuts of songs that would eventually end up on the group's 2018 stunner “White Horse Hill”, with the central ballad ‘For All Days And For None’ split in two halves to fit the vinyl format.

A slightly older rendition of the future album's title track – written and recorded shortly after “Death's Crown Is Victory” – rounds up the set, inviting comparisons with the final version we have, by now, come to know and love.

Svart Records 2021 - Punk & Doom originators go straight to the soul of heavy rock on their new album Caveman Logic – Limited Black Vinyl – Gatefold Sleeve !

Pentagram's Bobby Liebling cuts an imposing figure handling vox atop the band's no frill, all kill, guitar driven sound. The Limit embrace the stripped down attitude of punk while celebrating the three chord legacy of back to basics rock N roll.

More than a super-group, The Limit goes over the edge, to deliver real-deal, soulful Rock and Roll. Consisting of members of legendary Punk instigators The Stooges, the founders of Doom Rock Pentagram, legendary NYC Punk originators Testors and infamous Portugese metal band Dawnrider, The Limit break out from the foundations of heavy rock and defy all expectations, to show a new generation what doom and punk really means. On the new album Caveman Logic, Bobby Liebling, singer and main-man of Pentagram, one of the originators of early Doom Rock and an inspiration for generations of Heavy Rock fans, on vocals, gives the performance of his career, singing like his life depended on it. Sonny Vincent, enigmatic legend of the early NYC Max's Kansas City, CBGB Punk scene with his band Testors, having been on the road and recording with members of The Velvet Underground, lays down the guitar driven songs, his writing bearing all the hallmarks of ground-breaking Rock history in it's filthy DNA. Phenomenal bass playing from Jimmy Recca, ex- The Stooges, and Ron Asheton's New Order, gives The Limit the intense and world-class, speaker-destroying bottom end. Joined by Hugo Conim on Guitar and João Pedro Ventura on Drums from Portuguese band Dawnrider, The Limit fuses star-dust pedigree with an organic incendiary chemistry that's instantly raw and real. A dream come true to those that know their Doom/Punk history, The Limit brings the past right up to date on Caveman Logic, with an essential, burning passion at the heart of their songs. Seldom has a collaboration of well known stars in music sounded so vigorous and frenzied as The Limit's caveman-like roar.

The Limit is an astoundingly fresh and hot-blooded shot to the veins that Heavy Rock needs in this day and age. Conjured forth by stone-age pioneers, Caveman Logic goes to the heart of impassioned Heavy Rock and Punk, to deliver the basic and vital elements often missing in so much of today's music. If you want primitive and straight to the soul primal rock, fresh from the grave and exhumed for a new unwitting future, look no further than Caveman Logic. This is it. This is as far as it goes. The Limit!

**THE LONE MADMAN - Let the Night Come (NEW\*LIM.100 BLACK V.\*EPIC DOOM METAL\*CRYPT SERMON\*CANDLEMASS\*F.FVKK) - 17**

Journey's End Records 2021 - Fantastic new Epic Doom Metal from Finland !

Limited Edition in black vinyl, 100 copies

For Fans of Candlemass, Crypt Sermon, Visigoth, Lake of Tears, Spiritus Mortis and Fvneral Fvkk

The Lone Madman is an epic doom metal band from Helsinki, Finland. Founded in 2014, their first EP, Dreary Task, was released in 2016. The Lone Madman's roots are deep in traditional doom and heavy metal, but instead of being strictly tied to one specific genre, they have managed to create a sound all their own. The musical foundation is in the heavy, gloomy riffs that pay homage to the sound of the '70s and '80s, and on top of this, the quartet incorporates elements of various metal subgenres. Combining something old and something new, The Lone Madman bring forth their vision of epic doom metal in the 2010s.

Let the Night Come, The Lone Madman's debut album, thus presents a unique style of modern epic doom metal. One can hear echoes from their Dreary Task EP, but the album also takes the band's sound to a whole new level with its rich songwriting and arrangements. Let the Night Comewas recorded from summer to fall 2018 and mixed the following spring and summer 2019. Thematically, the album deals with grief, despair, and spiritual pain. It tells of the struggle at the crossroads of life and death, light and darkness, spirit and matter. The album's four epic tracks envision four different approaches to these age-old yet ever-relevant challenges. Looking at this world with honesty doesn't give much grounds for optimism – thus, Let the Night Come – and, perhaps, eventually sparks of a new kind of light can be seen in the darkness. Let The Lone Madman show you the way!

**WARNING - Watching From A Distance (NEW\*LIM.600 BLACK V.\*EPIC METAL MASTERPIECE) - 27**

Svart Records 2021 - Brandnew Black vinyl, limited to 600 copies Gatefold Cover DLP – The mother of all melancholic + Epic Doom Metal Masterpieces !

For Fans of Solstice + While Heaven Wept + Pallbearer !

Watching From A Distance (2006), Warning's second and last album, is a cult classic. An album that successfully broke the conventions and confines of the Doom Metal genre, Watching From A Distance stands as a milestone. Seldom a dry eye in the house, when they play these songs live, there is an authenticity and genuine melancholy to this record which has rarely, if ever, been equaled.

Patrick Walker from Warning says:

"I'm relieved and happy to finally see the first official vinyl re-release of Watching from a Distance. With its improved cover art and layout, full lyrics and liner notes, this is the definitive edition of the album and I'm proud to have been able to work on it together with Svart Records."

**WARNING - The Strength to Dream DLP (NEW\*LIM.500 GREEN V.\*EPIC DOOM METAL) - 27**

Svart Records 2021 - Limited 500 x double green vinyl, gatefold cover!

Epic + Melancholic Doom Metal Masterpiece ! For Fans of Solstice + While Heaven Wept + Pallbearer !

Prepared in co-operation with the band, these are the definitive editions of Warning on vinyl.

The band's 1999 debut full length after two successful demo tapes (Revelation Looms and Blessed by the Sabbath, released on the Svart LP 'The Demo Tapes') caused big waves in the then-small underground Doom Metal scene and was a harbinger of things to come further down the road.

The Svart vinyl edition is the first time the original Stephen O'Malley artwork is used after the original CD release.

Audio is specially mastered for vinyl at Orgone Studios and lathe cutting is done at Timmion Cutting.

**WARNING - The Demo Tapes (NEW\*LIM.500 RED VINYL\*EPIC DOOM METAL) - 25**

Svart Records 2021 - Limited 500 x RED vinyl, gatefold cover!

For Fans of Solstice + While Heaven Wept + Pallbearer !

Before Warning became one of the most important and genre-shattering doom metal bands of the last decade with their albums "Strength to Dream" and "Watching from a Distance", they gained cult fame in the global tape-trading underground community with their demos Revelation Looms and Blessed By The Sabbath. Long out of print and difficult to obtain on any format, with the reissues even becoming sought-after gems, Svart have now repressed this definitive edition of Warning's demos on vinyl. This fully authorised edition includes a selection of

vintage photos, all lyrics plus liner notes by Patrick Walker and Stu Springthorpe, as well as a foreword by Peter Vicar.

**WHITE HEAT - Soldier of Fortune (NEW\*LIM.200 BLACK V.\*NWOBHM\*JJ`s POWERHOUSE) - 17**

High Roller Records 2021 - Brandnew black vinyl, ltd 200, insert, Formed by guitarist J.J. Cox after the demise of JJs Powerhouse, White Heat was a London-based four-piece which also featured vocalist John Dunning, bassist John Tucker and drummer Kevin Cassidy. The band issued just one single in its brief lifetime, Soldier Of Fortune b/w Love Maker which came in a picture sleeve depicting the famous final scene of the film from which the band had taken its name.

Some time before the release of the Soldier Of Fortune 7, White Heat had demoed another pair of tracks, this time with vocalist Paul Armfield behind the mikestand. Although they were never officially released at the time, Missing You and Ride To Hell were used to get the band gigs, primarily in The Netherlands and Germany where the band developed a fan base. 'Soldier of Fortune' draws together the bands four recordings, and illustrates just why Forearm Smash once dubbed White Heat one of the UK fanzines best bands.

**WITCHSEEKER - Scene of the Wild (NEW\*BLACK V.\*HEAVY/SPEED METAL\*RIOT CITY\*ENFORCER) - 16**

Dying Victims 2021 – Brandnew Heavy / Speed Metal from Singapore – Limited edition on black vinyl, with, insert, poster, sticker, post card, download code

For Fans of Riot City, Oz, Raven, High Spirits and especially Enforcer,

Hailing from Singapore, WITCHSEEKER formed in late 2012, originally as a one-man project by Sheikh Spitfire. By the time of the band's first EP, 2014's Night Rituals, WITCHSEEKER had expanded to a trio but was then pared back to a duo for their debut album, 2017's When the Clock Strikes, with Brandon Speedranger on guitars and Sheikh Spitfire on vocals, bass, and drums.

While traditional metal is not often associated with Singapore, WITCHSEEKER gained the attention of their national scene with a classics-minded style of heavy metal that's packed with power, speed, melody, and aggression. Legions have joined their cause, and over the years, WITCHSEEKER have shared stages with such bands as Firehouse, Enforcer, Destruction, Midnight, Exciter, and many more.

**WITCH CROSS - Angel of Death (LIM.250 BLACK V.\*DK HEAVY METAL\*FIT FOR FIGHT) - 19**

High Roller Records 2021 – Brandnew DK Heavy Metal – 250 x black vinyl, lyric sheet

Along with the legendary Mercyful Fate and some considerably more obscure acts such as Alien Force, Randy and Crystal Knight, Copenhagen's own Witch Cross must rate as one of the best Danish heavy metal bands ever. The band's 1984 album »Fit For Fight« is surely one of the Top 5 albums in the history of Danish heavy metal. After a long pause, »Fit For Fight« was followed by the second album »Axe To Grind« in 2013. The line-up of Witch Cross has been constant for the last five years and it was band founder and guitarist Mike Koch who recorded the brand new studio album »Angel Of Death« together with Jan "little John" Normark on bass, Kevin Moore on vocals, Paul Martin on guitar and Jesper Haugaard on the drums.

Dark War is an unabashedly "old school" metal record, and for as much as collectors have sought out this near impossible find, this 1988 cassette only album was an independent release put out by a band that was leading a

Christian metal movement in Michigan, Ohio and the surrounding areas! The band would not have the support of a label (Pure Metal) until their sophomore release, *Under the Ruins*. Dark War has consistently been on the most requested (and bootlegged) Christian Metal reissues list because the songs are nothing less than lumbering beasts with monolithic slabs of rhythm guitar, and hooks that bring to mind 1980s Dio - especially his work with Black Sabbath during their Heaven & Hell era. Its literally impossible to listen to such epic tracks as *The Cross*, *God In A Box*, and *Dark War* and not imagine how easily Xalt could have become the next MTV sensations right alongside Stryper, Judas Priest, and Dokken. Yes, Dark War is THAT good! And, for almost 30 years its never been officially available in any format but cassette...until Retroactive Records reissued the CD in 2017, and this is the first time this classic has ever been offered on vinyl! Remastered for vinyl by Rob Colwell (Bombworks Sound), this reissue resurrects one of Christian Metal's greatest moments. Enjoy!

**DEAF FOREVER # 41 (NEW\*GER METAL MAG\*SACRED REICH\*BEWITCHER\*AGENT STEEL\*WHEEL) - 7**

»Truth and honor faith and pride

All convictions surely died

Honesties time has passed

Time for lies is here at last«

Unsere Titelhelden Sacred Reich sind so etwas wie das gute Gewissen der US-Thrash-Szene und haben nie ein Blatt vor den Mund genommen. So auch heute - in einer Zeit, in der viele Bands klare Statements lieber vermeiden. Unser Marathon-Interview mit Phil Rind ist ein Abriss der gesamten Bandkarriere.

Vulture zählen schon lange zu Deutschlands besten Heavy-Metal-Bands und verstehen sich gekonnt darauf, US-Metal-Einflüsse mit europäischen Wurzeln zu verbinden. Ihr dritter Longplayer "Dealin´ Death" ist nicht nur für Andreas Schulz der bisher beste der Band aus Nordrhein-Westfalen.

Ein neues Darkthrone-Album steht an - aber in typischer Band-Manier wird darüber im Vorfeld gar nichts verraten. Stattdessen unterhielt sich Fenriz mit Wolf-Rüdiger in gewohnt unterhaltsamer Weise über Gott und die Welt. Und über Metal.

Adrian Smith ist neben Bruce Dickinson der umtriebigste Musiker bei Iron Maiden, wenn es um Nebenprojekte geht. Zusammen mit seinem Freund Richie Kotzen hat Adrian nun eine weitere Band gegründet und ein erstes, ziemlich starkes Album veröffentlicht. Natürlich klingt es überhaupt nicht wie Maiden.

Eine der Bands der Stunde sind die Black/Speed-Metaller Bewitcher aus Portland, USA. „Cursed Be Thy Kingdom“, Album Nummer drei, steht in den Startlöchern und dürfte alle, die auf Mercyful Fate, Venom und härtere, artverwandte Sounds stehen, überzeugen.

Für Hardrocker gibt es derzeit wenig Besseres als das neue Album der britischen Veteranen von Thunder, die es im Spätherbst ihrer Karriere noch mal richtig krachen lassen. Lothar Hausfeld erwischte die sympathische Band in blendender Plauderlaune. Ein paar ernste Gesprächsthemen gab es aber auch.

Tom Petty, einer der beständigsten Rockmusiker der Welt, wurde in Europa nie so gewürdigt wie in seiner amerikanischen Heimat, obwohl ihn Leute mit Geschmack - wie Toby Schaper - natürlich immer schon auf dem Schirm hatten. Heißt in diesem Falle, ihr ahnt es: XXL-Earmageddon!

Und weil die Earmageddon-Serie in unserer Leserschaft prima ankommt und auf großes Echo stößt, stellen wir der Tom-Petty-Werkschau einen Krokus-Überblick zur Seite.

Weitere Interviews haben wir geführt mit Bodom After Midnight, Lunar Shadow, Artillery, Tygers Of Pan Tang, Grief Collector, Cannibal Corpse, Flaming Sideburns, Septagon, Grave Miasma, Jess And The Ancient Ones, Thronehammer, Necronomicon, Endseeker, Imha Tarikat, Solstice (USA), Mustasch, Motorjesus, Agent Steel, Messerschmitt, Silver Lake, Spectal Wound, Nekromantheon, Erik Cohen, Wheel, Herzel, Midnight Spell, Nuclear Power Trio, Band Of Spice, Gojira, Sick Of It All, Ablaze My Sorrow sowie Medieval Demon.

In unseren feuchten Redaktionskeller *Under A Funeral Moon* eingelagert haben wir u.a. *Fuoco Fatuo*, *Mork*, *Reaper*, *Wode*, *Alkerdeel* und *Abythic*.

Tipps, Typen und Talente findet ihr zuhauf in den Rubriken *Forgotten Jewels*, *Heavy Metal Hunter* sowie *The Dungeons Are Calling*.

Tonnenweise Reviews sind selbstverständlich.

**DEAF FOREVER: Nummer 42 ! – 7€**

»Command for battle now asounds

Die by Teutonic Steel!«

Desaster haben eine Titelstory schon lange verdient: Deutschlands authentischste, wichtigste und beste Black-Thrash-Band hat in ihrer über 30-jährigen Karriere noch nie etwas Halbbares abgeliefert - was auch daran liegt, dass sich Desaster sämtlichen Business-Spielregeln konsequent widersetzen. Zehn Seiten Metal, so wie es sein muss!

Eine Band, die polarisiert: Während ihre metalgeschichtlichen Beiträge von der gesamten Szene respektiert werden, scheiden sich bei den aktuellen At-The-Gates-Releases manchmal die Geister - und mit ihrem neuen Album wird der Hörschaft besonders viel Geduld abverlangt. Andy Schulz hat sie.

Halloween sind natürlich DAS Gesprächsthema der letzten Wochen, und mit ihrem neuen Album „Halloween“ haben die Kürbisköpfe auch bestens abgeliefert. Trotzdem teilt hier längst nicht jede(r) die ins Wahnhafte gesteigerte Begeisterung unseres Kiske-Oberfans Lothar und seines Sidekicks Michael.

Die Gourmet-Thrasher Vektor waren eigentlich weg - und sind jetzt wieder da. Soweit nix Besonderes. In diesem Falle sind die Gründe aber kein künstliches Rar-Machen, um dann später umso mehr abzusahnen, und auch keine längere Durststrecke, die eine Pause verlangt hätte. Herr Kohsiek weiß mehr!

Das Universalgenie Dan Swanö ist Björn Thorstens absoluter Lieblingsmusiker. Das schließt sämtliche musikalischen Spielwiesen des Prog-Death-Sonstwas-Maniacs und all seine Jugendsünden mit ein. Deshalb dauerte das Interview auch vier Stunden und wurde in zwei größere Parts unterteilt... Besser vorher ein reich belegtes Butterbrot essen!

Ihr mögt es ja ganz gerne, wenn wir musikalische Parallelwelten erkunden und über den Tellerrand schauen. Weil das Wolf-Rüdiger eh so gut wie immer macht, ließen wir ihn mal ein paar Tage mit seiner New-Model-Army-Sammlung alleine - und freuten uns anschließend über einen XXL-Earmageddon.

Eine weitere Werkschau in dieser Ausgabe befasst sich mit dem Schaffen der dänischen Thrasher Artillery.

Eine geballte Ladung Black-Metal-History: Die frühen Tage von Satyricon gehören zum kleinen Einmaleins aller Finsterheimer und stellen für Volkmar Weber so etwas wie die Krönung seiner Pubertät dar. Da kann selbst seine Ehefrau nicht mithalten. Das wiederum freut Satyr, der Volkmar's Fragen sehr ehrlich und ausführlich beantwortet. Weitere Interviews haben wir geführt mit: Flotsam And Jetsam, Pharaoh, Alex Skolnick, Yoth Iria, Powerwolf, Steelpreacher, Axewitch, Hammer King, Qrixkuor, Todeskommando Atomsturm, Space Chaser, Evil, King Buffalo, Silver Talon, Distant Past, Die Apokalyptischen Reiter, Balmog, Skyeeye, Witchseeker, Hiraes, Cross Vault, Ropes Of Night, King Of Asgard, Heavy Sentence, Herman Frank, The Flight Of Sleipnir sowie Dordeduh.

Tipps, Typen und Talente findet ihr zuhauf in den Rubriken Forgotten Jewels, Maniac der Ausgabe sowie The Dungeons Are Calling.

300 Kilogramm Tonträger-Reviews haben es genauso in unsere neue Ausgabe geschafft wie ein bisschen Live-Musik, wenn auch (noch) ohne Publikum: Johannes Paul Köhler begutachtete das Roadburn Redux 2021

### **SNAKEPIT Archives Vol. 2 BOOK (NEW\*LIM.200 + WITCHKILLER 7" BLACK VINYL) - 39**

Cult Metal Classic Records 2021 – Brandnew limites to 200 - SNAKEPIT Archives Vol. 2 (Issues 6-9) BOOK incl. WITCHKILLER "La Guillotine / Eyes in the Night" 7" (Taken From A 1983 Live Show!) in Black Vinyl !

Without doubt, SNAKEPIT and his editor Laurent Ramadier have established through the years a brand name that is indicative of quality reading. SNAKEPIT since its inception in the late 90s is widely regarded as one of the greatest heavy metal publications of all time with a special attention to 70's and mainly 80's bands that shaped the history of our music, as well as coverage of the young guns who really deserve it.

SNAKEPIT originally started by Frank Stover who was the driving force behind the first four issues before handing the torch to Laurent Ramadier, Matt Coe and Heinz Konzett. Eventually Laurent kept the flame alive by continuing the publication up to this day on his own. SNAKEPIT Archives vol 1 BOOK is nearly sold out and what you're getting here are perfectly re-printed reissues of the very hard to find SNAKEPIT issues 6,7,8 and 9.

Going though the 416 pages of the book is like making a time travel back to late 90s / early 00s. Owning this book is like owning a piece of history as you get all the pieces of the heavy metal music puzzle that was started getting compiled in the 90s and early 00s, a really important period for the continuation of the true metal music.

To celebrate this huge edition, Laurent Ramadier secured the permission of the Canadian metal masters WITCHKILLER, to include as an extra, a 7" single that will make every die hard US / Canadian metal fan and collector go nuts:

WITCHKILLER "La Guillotine / Eyes in the Night" 7" featuring two previously unreleased breathtaking compositions of the band taken from a live show they did in Quebec, in 1983.

A fantastic way to accompany your reading of more than two hundred interviews in a massive 416 pages book, which weighs close to two kilos! Nothing more and nothing less but pure heavy metal mania the old school way.

Formed in southeast Portland, OR during the winter of 2015, LEATHÜRBITCH features a seasoned lineup of guitarists Patrick Sandiford (Inebriator, Slutvomit) and Sebastian Silva (Idle Hands, Silver Talon), Joel Stair (Children of Seraph, Voltanic) on vocals, drummer Meshach Babcock (Maniak, Demons Bell), and Andrew Sylvia (Alpha Viper, Magnabolt) holding down the bass.

Influenced by the likes of Neil Turbin era Anthrax, Savage Grace, Loudness, and many more, LEATHÜRBITCH is on a mission to bring the decadence, sleaze, and speed from the dark alleyways of Detroit and slimy streetcorners of Los Angeles back to the forefront with their self-described "Sleaze Speed Metal."

The highly anticipated 2<sup>nd</sup> Album from Portland, Oregon's SILVER TALON - EX - Spellcaster !

For fans of Idle Hands/Unto Others, Iron Maiden, Spellcaster, Yngwie Malmsteen, Savatage, Sanctuary, Queensrÿche With a virtuosic guitar attack, a rumbling rhythm section, and powerful, soaring vocals, Portland, Oregon's Silver Talon is razor sharp and ready to become a major force in heavy metal. In February of 2018, Silver Talon released their first demo track "Devil Machine." The track offered a small sample of Silver Talon's ability to masterfully blend hook, melody, and technical ability into fist clenching, head-bangable heavy metal. Their second demo release, "Warrior's

End," showcases more of Silver Talon's dexterity in riffs, bent time signatures, and lush melodies. The Debut "Becoming a Demon" was released 2019 on Alone Records / Vinyl + CD as US private Press.

**STONE VENGEANCE – To Kill Evil TAPE (NEW\*LIM.100\*DEMO 1987\*US SPEED METAL) - 11**

**WHETSTONE - Ancient Metal TAPE (NEW\*LIM.100\*GER EPIC METAL 1984\*MANOWAR\*VALKYRIE) - 11**

Messe Noire Productions 2021 - GER EPIC Metal Masterpiece from 1984 – Limited 100 TAPES

A true 80's underground legend. For many underground metal fans, this is the best German epic metal band of all time, to NEVER have recorded a studio recording.

The band started back in 1984 and released two hard to find demo tapes "Blood United" and "Ancient Metal", but did not get the chance to have an official recording.

Their music is solid majestic epic metal with hints of first album BLIND GUARDIAN, MANOWAR, etc.
